

Accommodation Request Form for Students with Disabilities

Quinnipiac University is committed to providing equal educational opportunities and full participation for students with disabilities. Consistent with its responsibilities to comply with the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973, Quinnipiac University provides reasonable accommodations to promote equal educational opportunity. Documentation from a licensed evaluator is required to substantiate the presence of a disability, defined by the ADA as “a physical or mental impairment that substantially limits one or more major life activities,” and to establish the need for reasonable accommodations at Quinnipiac University.

Guidelines for Medical Accommodations

Documentation **must** be dated and signed with the appropriate credentials by the providing professional.

- A diagnostic statement identifying the disability from a licensed/certified professional: The diagnosis should include a description of diagnostic methods, including the DSM-5 diagnosis if applicable, and criteria utilized along with the date of evaluation. The licensed professional providing the diagnosis **cannot** be a family member.
- Current functional impact of the condition: Describe the current relevant functional impact of the disability in an educational setting.
- The expected progression of the disability over time: Provide a description of the expected change in the functional impact of the condition over time. If the condition is variable, describe the known factors that may exacerbate the condition.
- Treatment: List treatments, medications, accommodations/auxiliary aids and/or services currently in use and their estimated effectiveness in addressing the impact of the condition. Include any significant side effects that may affect physical, perceptual, behavioral or cognitive performance.
- Supporting documents: You are encouraged to submit any past documentation or materials that establish a history of receiving appropriate accommodation in a previous academic setting when available. Secondary school accommodation plan such as IEPs or 504 Plans are helpful, but often do not provide sufficient information to establish eligibility for the requested accommodations at the university level when submitted without a corresponding evaluation.

Housing Accommodation Request Deadlines

Completed form and documentation must be received by the respective deadlines below to be considered for housing accommodations. Forms submitted after these dates will be reviewed, but accommodations are unlikely to be met. All other accommodation requests can be submitted at any time and will be reviewed in a timely fashion.

Housing Deadlines:

- **November 1** – Current Juniors
- **March 1** – Current First-Year Students/Sophomores
- **June 27** – Incoming First-Year Students/Transfer Students

The Office of Student Accessibility

The Office of Student Accessibility is composed of professional staff members working with students who choose to disclose a disability. They evaluate all student accommodation requests and contact the appropriate departments or resources to help facilitate reasonable accommodations as necessary. Students will receive an email notification of the outcome of the request. Reasonable accommodations are granted for the time period specified in the decision letter. Depending on the nature of the accommodation, students may need to reapply each semester; staff will discuss the possibility with students. *Please understand that submission of this form does not guarantee the specific accommodation requested will be granted.*
