

Frank H. Netter MD School of Medicine at Quinnipiac University

June July August September October November December January February March April May

Year 1

Foundations of Medicine I	Y1 Orientation	Foundations of Science I	Foundations of Science II	Musculoskeletal	Neuroscience-Head & Neck Anatomy	Lung-Kidney-Heart	Gastrointestinal-Endocrine-Genitourinary-Reproduction	
Clinical Arts and Sciences I		Foundations of Clinical Care & Medical Student Home						
Scholarly Reflection & Concentration Capstone I		Research Methodology				Concentration and Capstone Concentration Selectives		

Year 2

Foundations of Medicine II	Fundamentals	Hematology-Oncology	Neurology-Psychiatry	Gastrointestinal-Endocrine	Heart-Lung-Kidney	Breast-GU-Reproduction	Musculo-skeletal	Step 1 Prep
Clinical Arts and Sciences II	Foundations of Clinical Care & Medical Student Home							
Scholarly Reflection & Concentration Capstone II	Concentration and Capstone Concentration Selectives				Concentration and Capstone Concentration Seminars			

Year 3

Longitudinal Multi-Specialty Clerkship	Step 1 Prep	Orientation	Cluster A				Assessment	Cluster B			Assessment	Y4 Orientation	Step 2 CK Prep
OR			Internal Medicine	Integrated Block	Primary Care	Surgery		Pediatrics	Integrated Block	Psychiatry			
Longitudinal Integrated Clerkship			Internal Medicine, Obstetrics & Gynecology, Pediatrics, Primary Care, Psychiatry, Surgery								Assessment		

Year 4

Clinical Rotations	Step 2 CK Prep	Critical Care Medicine	Sub-internship	Elective	Elective	Elective	Elective	Elective	Elective	Elective	Elective	Elective
		OR Emergency Medicine										
Scholarly Reflection & Concentration Capstone III		Capstone Completion Capstone Project Dissemination					Capstone Scholars' Day					

Recurring Themes: nutrition, behavioral & social science, pharmacology, epidemiology and ethics

- **Foundations of Medicine:** Anatomy, behavioral and social science, cell and molecular biology, genetics, human development, histology, nutrition, physiology, pathology, and pathophysiology
- **Scholarly Reflection & Concentration Capstone:** Research methods, responsible research practice, writing a scholarly proposal, capstone project development, evidence-based medicine, critical appraisal of literature, and medical informatics

- **Clinical Arts and Sciences:**
 - **Foundations of Clinical Care:** Patient-centered communication skills, medical history taking and physical exam skills, professional communication, and clinical reasoning
 - **Medical Student Home:** Clinical skills practice and application in primary care and specialty practice environments

- **Longitudinal Multi-Specialty Clerkship**
 - **Cluster A Integrated Block:** Anesthesiology, Radiology, and IM and Surgery Subspecialties
 - **Cluster B Integrated Block:** Pediatrics, Obstetrics & Gynecology, and Scholarly Reflection & Concentration Capstone
