

Math Placement Grid:

The following is to a guide to which mathematics course(s) you need to take to fulfill not only the University Core, but the requirements of your major. After taking the Math Placement Test and receiving your Math Placement Level, find your Placement Level (1 to 5) and your major in the grid below. There you will see the course you need to take to fulfill your major requirement and a strongly suggested sequence of courses that will help you fulfill your requirement in the most efficient manner.

If you are undeclared follow the advice of what you consider to be your most likely major at this point; it might be wise to postpone your decision to the spring of your first year.

Deviations from the plan below are possible. Make sure you consult with your adviser or department chair before doing so. If you wish to know more about math courses and math placement, please e-mail Lisa Hollman at Lisa.Hollman@quinnipiac.edu; if you wish to know more about majoring or minoring in mathematics, please e-mail Cornelius Nelan at Cornelius.Nelan@quinnipiac.edu.

Many of the courses listed below (MA 107, MA 110, MA 118, MA 140, MA 206, MA 275) are also taught during summer sessions. MA 110, MA 118, MA 140 and MA 206 are available on-line

Please note the following. The credits for MA 100 do not count towards graduation. The credits for MA 107 do count towards graduation, but MA 107 does not fulfill the University Core requirement. MA 107 is a review of algebra designed to prepare you for more advanced Mathematics courses. The courses that do fulfill the University Core requirement are MA 110 (Contemporary Mathematics), MA 118 (Introduction to Calculus), MA 140 (Pre-Calculus), MA 141 (Calculus I), MA 151 (Calculus I), MA 206 (Statistics for Behavioral Sciences), MA 226 (Baseball and Statistics), MA 229 (Linear Algebra) and MA 275 (Biostatistics). It is possible to receive AP credit for MA 141 and MA 275 with a 4 or 5 on the AP exam in Calculus or Statistics.

Math Placement Level: 5

Your math placement level is based on the grades you earned in your high school math courses, your math score on the SAT, and your performance on the math placement test.

Based on your math placement level, you are prepared to take the following math courses: MA 110, MA 118, MA 141, MA 206, MA 226, MA 229, or MA 275. Refer to the table below for the math requirement and course sequencing information specific to your major. Course descriptions are available on the Quinnipiac web page

Requirements and Sequencing

Major	Course Sequencing	Core Requirement
COLLEGE OF ARTS AND SCIENCES		
Math	MA 141 (Fall First Year) or MA 151(Fall First Year)	MA 141 or MA 151
Chemistry, Biochemistry	MA 141 (Fall First Year), MA 142 (Spring First Year - Highly Recommended)	MA 141
Biology	MA 141 (Fall First Year)	
Interdisciplinary Studies (IDS)	MA 110 or MA 118 or MA 141 or MA 206 or MA 226 or MA 229 or MA 275 (Spring First Year) The major requires three math courses. One from the list above, one above MA 110 and another at a 200 level or higher.	MA 110 Or Higher
Psychology	MA 110 or MA 141 (Fall First Year) followed by PS 206 (Spring First Year)	MA 110
Behavioral Neuroscience	MA 141(Fall First Year)	MA 141
All other CAS majors: Criminal Justice Economics English Gerontology History Game Design and Development Law In Society Political Science Philosophy Sociology Spanish, Theater	MA 110 or MA 118 or MA 141 or MA 206 or MA 226 or MA 229 or MA 275 (Spring First Year) MA 110 does not prepare you for further study in math. If you plan to complete additional coursework in math you should take MA 141 instead of MA 110. Criminal Justice, Sociology, and Gerontology recommend MA 206. Economics recommends MA 118 or MA 141. If there is a possibility that you will change your major to business, you should take MA 118 instead of MA 110. If you might change to a major in a science, see the requirements below.	MA 110 Or Higher
SCHOOL OF BUSINESS		
All Majors	MA 206 (Fall First Year)	MA 206
SCHOOL OF ENGINEERING		
Engineering Civil, Industrial, Mechanical	MA 151 (Fall First Year), unless you have AP credit, in that case take the next calculus class you qualify for.	MA 151
Software	MA 151 (Fall First Year), unless you have AP credit, in that case consult with the Software Engineering program coordinator or your advisor.	MA 151/141
Computer Science	MA 141 (Fall First Year) or MA 229 (Spring First Year)	MA 141 or MA 229
SCHOOL OF COMMUNICATIONS		
All Majors	MA 110 or MA 118 or MA 141 or MA 206 or MA 226 or MA 229 or MA 275 (Spring First Year) MA 110 does not prepare you for further study in math. If you plan to complete additional coursework in math you should take MA 141 instead of MA 110. If there is a possibility that you will change your major to business or minor in business, you should take MA 118 instead of MA 110.	MA 110 Or Higher
SCHOOL OF HEALTH SCIENCES		
Physical Therapy, ELMPA	MA 141 (Fall First Year)	MA 141
Biomedical Sciences, Micro/Molecular Bio	MA 140 or MA 141 (Fall First Year)	MA 140 or Higher
Occupational Therapy, Athletic Training, Health Science Studies, SUND, Diagnostic Imaging	MA 275 (Fall First Year) except for Athletic Training. Athletic Training takes MA 275 (Fall Second Year)	MA 275
SCHOOL OF NURSING		
Nursing	MA 275 (Fall First Year)	MA 275

Math Placement Level: 4

Your math placement level is based on the grades you earned in your high school math courses, your math score on the SAT, and your performance on the math placement test.

Based on your math placement level, you are prepared to take the following math courses: MA 110, MA 118, MA 140, MA 206, MA 226, MA 229, or MA 275. Refer to the table below for the math requirement and course sequencing information specific to your major. Course descriptions are available on the Quinnipiac web page

Requirements and Sequencing

Major	Course Sequencing	Core Requirement
COLLEGE OF ARTS AND SCIENCES		
Math	MA 140 (Fall First Year), MA 141 (Spring First Year)	MA 141
Chemistry, Biochemistry	MA 140 (Fall First Year), MA 141 (Spring First Year), MA 142 (Fall Second Year – Highly Recommended)	MA 141
Biology	MA 140 (Fall First Year), MA 141 (Spring First Year)	
Interdisciplinary Studies (IDS)	MA 110 or MA 118 or MA 140 or MA 206 or MA 226 or MA 229 or MA 275 (Spring First Year) The major requires three math courses. One from the list above, one above MA 110 and another at a 200 level or higher.	MA 110 Or Higher
Psychology	MA 110 or MA 140 (Fall First Year) followed by PS 206 (Spring First Year)	MA 110
Behavioral Neuroscience	MA 140 (Fall First Year), MA 141 (Spring First Year)	MA 141
All other CAS majors: Criminal Justice Economics English Gerontology History Game Design and Development Law in Society Political Science Philosophy Sociology Spanish, Theater	MA 110 or MA 118 or MA 140 or MA 206 or MA 226 or MA 229 or MA 275 (Spring First Year) MA 110 does not prepare you for further study in math. If you plan to complete additional coursework in math you should take MA 140 instead of MA 110. Criminal Justice, Sociology, and Gerontology recommend MA 206. Economics recommends MA 118 or MA 140. If there is a possibility that you will change your major to business, you should take MA 118 instead of MA 110. If you might change to a major in a science, see the requirements below.	MA 110 Or Higher
SCHOOL OF BUSINESS		
All Majors	MA 206 (Fall First Year)	MA 206
SCHOOL OF ENGINEERING		
Engineering Civil, Industrial, Mechanical	MA 140 (Fall First Year), MA 151 (Spring First Year)	MA 151
Software	MA 140 (Fall First Year), MA 151 (Spring First Year)	MA 151/141
Computer Science	MA 140 (Fall First Year), MA 141 or MA 229 (Spring First Year)	MA 141 or MA 229
SCHOOL OF COMMUNICATIONS		
All Majors	MA 110 or MA 118 or MA 140 or MA 206 or MA 226 or MA 229 or MA 275 (Spring First Year) MA 110 does not prepare you for further study in math. If you plan to complete additional coursework in math you should take MA 140 instead of MA 110. If there is a possibility that you will change your major to business or minor in business, you should take MA 118 instead of MA 110.	MA 110 Or Higher
SCHOOL OF HEALTH SCIENCES		
Physical Therapy, ELMPA	MA 140 (Fall First Year), MA 141 (Spring First Year)	MA 141
Biomedical Sciences, Micro/Molecular Bio	MA 140 (Fall First Year)	MA 140
Occupational Therapy, Athletic Training, Health Science Studies, SUND, Diagnostic Imaging	MA 275 (Fall First Year) except for Athletic Training. Athletic Training takes MA 275 (Fall Second Year)	MA 275
SCHOOL OF NURSING		
Nursing	MA 275 (Fall First Year)	MA 275

Math Placement Level: 3

Your math placement level is based on the grades you earned in your high school math courses, your math score on the SAT, and your performance on the math placement test.

Based on your math placement level, you are prepared to take the following math courses: MA 107, MA 110, MA 140, MA 206, or MA 226. Refer to the table below for the math requirement and course sequencing information specific to your major. Course descriptions are available on the Quinnipiac web page

Requirements and Sequencing

Major	Course Sequencing	Core Requirement
COLLEGE OF ARTS AND SCIENCES		
Math, Psychobiology	MA 140 (Fall First Year) , MA 141 (Spring First Year)	MA 141
Chemistry, Biochemistry	MA 140 (Fall First Year), MA 141 (Spring First Year), MA 142 (Fall Second Year – Highly Recommended)	MA 141
Biology	MA 140 (Fall First Year) , MA 141 (Spring First Year)	
Interdisciplinary Studies (IDS)	MA 110 or MA 140 or MA 206 or MA 226 (Spring First Year) The major requires three math courses. One from the list above, one above MA 110 and another at a 200 level or higher.	MA 110 Or Higher
Psychology	MA 110 or MA 140 (Fall First Year) followed by PS 206 (Spring First Year)	MA 110
Behavioral Neuroscience	MA 140 (Fall First Year) , MA 141 (Spring First Year)	MA 141
All other CAS majors: Criminal Justice Economics English Gerontology History Game Design and Development Law in Society Political Science Philosophy Sociology Spanish, Theater	MA 110 or MA 140 or MA 206 or MA 226 (Spring First Year) MA 110 does not prepare you for further study in math. If you plan to complete additional coursework in math you should take MA 140 instead of MA 110. Criminal Justice, Sociology, and Gerontology recommend MA 206. Economics recommends MA 140 If there is a good possibility that you will change your major to business, you should take MA 107 followed by MA 118 instead of MA 110. If you might change to a major in a science, see the requirements below.	MA 110 Or Higher
SCHOOL OF BUSINESS		
All Majors	MA 206 (Spring First Year)	MA 206
SCHOOL OF ENGINEERING		
Engineering Civil, Industrial, Mechanical	MA 140 (Fall First Year), MA 151 (Spring First Year)	MA 151
Software	MA 140 (Fall First Year), MA 151 (Spring First Year)	MA 151/141
Computer Science	MA 140 (Fall First Year) MA 141 or MA 229 (Spring First Year)	MA 141 or MA 229
SCHOOL OF COMMUNICATIONS		
All Majors	MA 110 or MA 140 or MA 206 or MA 226 (Spring First Year) MA 110 does not prepare you for further study in math. If you plan to complete additional coursework in math you should take MA 140 instead of MA 110. If there is a good possibility that you will change your major to business or minor in business, you should take MA 107 followed by MA 118 instead of MA 110.	MA 110 Or Higher
SCHOOL OF HEALTH SCIENCES		
Physical Therapy, ELMPA	MA 140 (Fall First Year), MA 141 (Spring, First year)	MA 141
Biomedical Sciences, Micro/Molecular Bio	MA 140 (Spring First year)	MA 140 Or Higher
Occupational Therapy, Athletic Training, Health Science Studies, SUND, Diagnostic Imaging	MA 107 (Fall First Year), MA 275 (Spring First Year).	MA 275
SCHOOL OF NURSING		
Nursing	MA 107 (Fall First Year) MA 275 (Spring First Year)	MA 275

Math Placement Level: 2

Your math placement level is based on the grades you earned in your high school math courses, your math score on the SAT, and your performance on the math placement test.

Based on your math placement level, you are prepared to take the following math courses: MA 107, or MA 110. Refer to the table below for the math requirement and course sequencing information specific to your major. Course descriptions are available on the Quinnipiac web page

Requirements and Sequencing

Major	Course Sequencing	Core Requirement
COLLEGE OF ARTS AND SCIENCES		
Math	MA 107 (Fall First Year), MA 140 (Spring First Year), MA 141 (Fall Second Year)	MA 141
Chemistry, Biochemistry	MA 107 (Fall First Year), MA 140 (Spring First Year), MA 141 (Fall Second Year), MA 142 (Spring Second Year – Highly Recommended)	MA 141
Biology	MA 107 (Fall First Year), MA 140 (Spring First Year), MA 141 (Fall Second Year)	
Interdisciplinary Studies (IDS)	MA 107 (Fall First Year), MA 110 or MA 140 or MA 206 or MA 226 (Spring First Year) The major requires three math courses. One from the list above (MA 110 or higher), one above MA 110 and another at a 200 level or higher.	MA 110 Or Higher
Psychology	MA 110 (Fall First Year) followed by PS 206 (Spring First Year)	MA 110
Behavioral Neuroscience	MA 107 (Fall First Year), MA 140 (Spring First Year), MA 141 (Fall Second Year)	MA 141
All other CAS majors: Criminal Justice Economics English Gerontology History Game Design and Development Law in Society Political Science Philosophy Sociology Spanish, Theater	MA 110 (Spring First Year) MA 110 does not prepare you for further study in math. If you plan to complete additional coursework in math you should take MA 107 instead of MA 110. Criminal Justice, Sociology, and Gerontology should take MA 110 followed by MA 206. Economics recommends MA 107 followed by either MA 118 or MA 140. If there is a possibility that you will change your major to business, you should take MA 107 followed by MA 118 instead of MA 110. If you might change to a major in a science, see the requirements below.	MA 110 Or Higher
SCHOOL OF BUSINESS		
All Majors	MA 107 (Fall First Year) MA 206 (Spring First Year)	MA 206
SCHOOL OF ENGINEERING		
Engineering	MA 107 (Fall First Year) MA 140 (Spring First Year). Consult with the Chair of Engineering or your adviser.	
Computer Science	MA 107 (Fall First Year), MA 140 (Spring First Year), MA 141 (Fall Second Year) or MA 229 (Spring Second Year)	MA 141 or MA 229
SCHOOL OF COMMUNICATIONS		
All Majors	MA 110 (Spring First Year) MA 110 does not prepare you for further study in math. If you plan to complete additional coursework in math you should take MA 107 instead of MA 110. If there is a possibility that you will change your major to business or minor in business, you should take MA 107 followed by MA 118 instead of MA 110.	MA 110 Or Higher
SCHOOL OF HEALTH SCIENCES		
Physical Therapy, ELMPA	MA 107 (Fall First Year), MA 140 (Spring First Year), MA 141 (Fall, Second Year)	MA 141
Biomedical Sciences, Micro/Molecular Bio	MA 107 (Fall First Year), MA 140 (Spring First Year)	MA 140 Or Higher
Occupational Therapy, Athletic Training, Health Science Studies, SUND, Diagnostic Imaging	MA 107 (Fall First Year), MA 275 (Spring First Year)	MA 275
SCHOOL OF NURSING		
Nursing	MA 107 (Fall First Year) MA 275 or MA 206 (Spring First Year)	MA 275

Math Placement Level: 1

Your math placement level is based on the grades you earned in your high school math courses, your math score on the SAT, and your performance on the math placement test.

Based on your math placement level, you must take MA 100 (Pre-College Mathematics) prior to taking any other mathematics course. MA 100 credits do not count towards graduation, but will affect your GPA. Refer to the chart below for the math requirement and course sequencing information specific to your major

Requirements and Sequencing

Major	Course Sequencing	Core Requirement
COLLEGE OF ARTS AND SCIENCES		
Math	MA 100 (Fall First Year). Consult with the Chair of your department or your adviser	MA 141
Chemistry, Biochemistry	MA 100 (Fall First Year). Consult with the Chair of Physical Sciences or your adviser	MA 141
Biology	MA 100 (Fall First Year). Consult with the Chair of Biology or your adviser	
Interdisciplinary Studies (IDS)	MA 100 (Fall First Year), MA 107 (Spring First Year), MA 110 or MA 140 or MA 206 or MA 226 (Fall Second Year) The major requires three math courses. One from the list above (MA 110 or higher), one above MA 110 and another at a 200 level or higher.	MA 110 Or Higher
Psychology	MA 100 (Fall First Year), MA 110 (Spring First Year) followed by PS 206	MA 110
Behavioral Neuroscience	MA 100 (Fall First Year), Consult with director of Behavioral Neuroscience or your adviser.	MA 141
All other CAS majors: Criminal Justice Economics English Gerontology History Game Design and Development Law in Society Political Science Philosophy Sociology Spanish, Theater	MA 100 (Fall First Year), MA 110 (Spring First Year) MA 110 does not prepare you for further study in math. If you plan to complete additional coursework in math you should take MA 107 instead of MA 110. Criminal Justice, Sociology, and Gerontology should take MA 206 after completing MA 110. After taking MA 100, Economics recommends MA 107 followed by either MA 118 or MA 140. If there is a possibility that you will change your major to business or minor in business, you should take MA 100, MA 107 and MA 118 instead of MA 110. If you might change to a major in a science, see the requirements below.	MA 110 or Higher
SCHOOL OF BUSINESS		
All Majors	MA 100 (Fall First Year), MA 107 (Spring First Year), MA 206 (Fall Second Year)	MA 206
SCHOOL OF ENGINEERING		
Engineering	MA 100 (Fall First Year), MA 107 (Spring First Year). Consult with the Chair of Engineering of your adviser.	
Computer Science	MA 100 (Fall First Year). Consult with the Chair of Computer Sciences or your adviser.	MA 141 or MA 229
SCHOOL OF COMMUNICATIONS		
All Majors	MA 100 (Fall First Year), MA 110 (Spring First Year) MA 110 does not prepare you for further study in math. If you plan to complete additional coursework in math you should take MA 107 instead of MA 110. If there is a possibility that you will change your major to business, you should take MA 107 followed by MA 118 instead of MA 110.	MA 110 Or Higher
SCHOOL OF HEALTH SCIENCES		
Physical Therapy, ELMPA	MA 100 (Fall First Year). Consult with chair of the department or your adviser	MA 141
Biomedical Sciences, Micro/Molecular Bio	MA 100 (Fall First Year), MA 107 (Spring First Year) , MA 140 (Fall Second Year)	MA 140 Or Higher
Occupational Therapy, Athletic Training, Health Science Studies, SUND, Diagnostic Imaging	MA 100 (Fall First Year), MA 107 (Spring First Year), MA 275 (Fall Second Year)	MA 275
SCHOOL OF NURSING		
Nursing	MA 100 (Fall First Year) MA 107 (Spring First Year), MA 275 (Fall Second Year)	MA 275
