Legend of the Bobcat

The Indian spirit, Hobbamock, was doomed to eternal sleep when a spell was cast over him, but his ferocious companion, a stealthy giant bobcat with vibrant blue and fiery gold eyes, was spared such a fate. Hobbamock now sleeps soundly belly-up, forming the peaks of the Sleeping Giant Mountain. Today, the confident and devoted bobcat loyally defends its now sleeping giant and all that falls in its shadow. From time to time, the bobcat can be spotted around campus watching over our school. Legend says that the bobcat will allow no harm to come to those swift and brave enough to rub its paw.

Live the Legend

- I choose to be a member of the Quinnipiac University community.
 - I strive for integrity, responsibility and academic excellence.
 - I respect and value all members of this diverse community.
 - I embrace the inclusion of all people.
 - I preserve Quinnipiac's traditions of pride and spirit.
- Together, we are the architects of our future.

We are the legend.

Campus Resources

Campus Recycling

Quinnipiac University is committed to building one of the most environmentally friendly campuses in America. As part of its overall sustainability plan, Quinnipiac is a single-stream recycling community. Therefore, we ask all members of the community to make a conscious effort to recycle the waste that they generate. Single-stream recycle bins are located throughout the campus. Items such as metal cans, glass bottles, newspapers, magazines and other paper items, as well as plastic containers numbered 1 through 7 can be placed in the bins. No sorting is necessary.

To further support recycling, Quinnipiac urges its community members to reduce waste by conserving paper, conserve water and turn off lights and electronic devices when not in use.

CARE

The CARE (Community Assessment Response and Evaluation) Team provides a caring, preventive, early intervention approach with students whose behavior is disruptive or concerning. The multidisciplinary team is trained and certified through the National Behavioral Intervention Team Association and meets weekly to review information received about student behavior and determine the best course of action to support the student

and intervene before behavior escalates. The team utilizes a risk rubric tool for a consistent, objective context for specific assessment of potential risks to prevent emerging violence toward self or others.

Career Development

Career development services at Quinnipiac are provided within each individual school and college to give students targeted, specialized information. The Schools of Business, Communications, Engineering, Health Sciences and Nursing and the College of Arts and Sciences each have a career development office to help students navigate the career exploration process. From selecting a major and evaluating interests to writing a resume and preparing for interviews, staff members assist students every step of the way with developing a career plan and achieving their goals. The Learning Commons offers the following support services:

Support for Students with Disabilities

The Office of Student Accessibility (OSA), located in the Learning Commons on both campuses, provides students with disabilities equal access to all university activities and programs. The office is led by a director supported by learning services coordinators. Working collaboratively with all university departments to engage and support the intellectual and social development of students with disabilities, the Office of Student Accessibility employs policies that promote academic excellence and the development of self-advocacy skills. Accommodations are provided based on submission of appropriate documentation, which is reviewed by the OSA staff in compliance with university policy, section 504 of the Rehabilitation Act, and the Americans with Disabilities Act (ADA). Questions and requests can be directed to Access@quinnipiac.edu or 203-582-7600. More information, including our Accommodation Request Form, can be found on our website.

Opportunity for Students who Come to English as a Foreign Language

Many of Quinnipiac's students bring with them another language, one in which they have been doing the bulk of their thinking and learning. In their journey to master academic English, we offer individual tutoring. Students work with a professional tutor who in turn communicates with students' advisers and professors. Students can work individually or in groups on writing, speaking, conversation and other aspects of academic English.

Professional Academic Support

Students can work with one of our learning specialists to address their academic goals and challenges. Working closely with students' professors and other support staff, Quinnipiac's academic specialists provide students with opportunities to improve their academic choices. Students can develop an improvement plan, work on problem solving, discuss new learning strategies, and many other topics necessary to students embracing academic challenge. Our academic specialists also work with students who have been referred to our services by their faculty through Quinnipiac's Retention Alert program. This program helps direct individual students to appropriate academic support during the semester and facilitates dialogue among those working to support the student. Academic specialists also work with faculty to bring learning skills into the classroom.

Technology Resources

University Laptop Program

Faculty design their courses with the expectation that students will have computer technology in the classroom when required. For that reason, all incoming undergraduate students must have a laptop that meets the university's academic requirements and technical standards. To facilitate this need, Quinnipiac offers a laptop program that is cost effective and exceptionally well supported both on and off campus. The recommended laptops are configured so that they meet the core needs of academic programs and are a key part of the campus computing infrastructure, designed to support new teaching and learning.

For more information about the Quinnipiac University laptop program, see www.qu.edu/laptop-technology.

Computing Services

All incoming undergraduate students are required to have a laptop computer readily available to them with no exceptions. Information Services annually recommends specific hardware and software laptop configurations that meet or exceed these technical standards. Specific information on the most current program can be found at www.qu.edu/laptop-technology. By selecting the recommended laptop, students will receive exceptional service and support both on and off campus. Students who elect to bring their own laptops to campus (other

than the recommended one) also will be afforded technology assistance often of a less comprehensive nature due to the many possible variations of alternatives. Ultimately, it is the responsibility of the student to perform in the classroom.

Although laptops meet the vast majority of student needs, for those disciplines that require more specialized hardware or software, the university has more than 350 computers in 12 computer laboratories throughout the campus. The university maintains a secure and advanced data network that connects all university computers on all three Quinnipiac campuses. Students, faculty and staff are able to access this secure network through wired and wireless access. Wireless access is found across all three campuses, including the residence halls, classrooms, athletic fields and public areas.

Technology Center

The main Technology Center, located on the Mount Carmel Campus in the Arnold Bernhard Library, combines the services of two previously separate departments: the Help Desk and Media Services. The Technology Center provides a range of services to students, faculty and staff, including computer configuration, computer repair, loaner laptops, digitizing, duplication, audiovisual event and classroom support, and loaner audio/visual equipment.

Loaner laptops are available for all faculty, staff and students who have a laptop either from the university or from the QU/ Laptop Purchase Program (note: every effort is made to provide a loaner laptop for students who did not purchase through the QU Laptop Program). Loaner laptops are strictly for academic use and will be given only to students who are currently enrolled in classes.

Student employees known as STARs (Student Technology Academic Resources) augment the full-time staff and are available for the entirety of the times the area is open. They are trained to offer computer and audiovisual support.

There are two other Technology Centers located on the North Haven and York Hill campuses. On the North Haven Campus, the center is located on the third floor of the Center for Medicine, Nursing and Health Sciences, MNH338. On the York Hill Campus, the center is in the Rocky Top Student Center, Room RTSC-236. Hours of operation at each of these locations vary. Refer to MyQ for current hours and more details on the services and support that are available.

These alumni are an important factor in the continued growth and development of Quinnipiac. The association aims to create rewarding relationships among alumni and the Quinnipiac community. It seeks to stimulate the development, advancement and prestige of Quinnipiac, and it offers a means of communication between Quinnipiac and its alumni.

The alumni association has three strategic areas of interest, which are pursued for the benefit of all alumni and current students: career development, alumni engagement and philanthropy. The alumni association is organized on a regional basis with chapters in areas where significant numbers of alumni live. Each regional chapter is led by a president and a core committee.

Alumni are entitled to a range of exclusive benefits and resources, which include:

Quinnipiac University has developed a health insurance plan especially for students. The plan provides coverage for illnesses and injuries that occur on and off campus and includes special cost-saving features to keep the coverage as affordable as possible.

This is a hard waiver program, which means that all students MUST maintain major medical insurance. A student may waive health insurance coverage if he or she presents evidence of other health insurance under a plan that provides benefits equal to or greater than the Quinnipiac University Student Health Insurance Plan. Students must document evidence of coverage and make an online waiver decision by the waiver

deadline of June 12. For additional information regarding the plan, please visit: www.gallagherstudent.com.

A nominal fee is charged for gynecological exams and contraceptive supplies. Routine services and supplies are provided without charge. Prescriptions may be taken to local pharmacies to be filled at the usual and customary fee. Students have the option to purchase some medications through Student Health Services.

An allergy clinic is offered to students who are engaged in allergen immunotherapy prior to coming to Quinnipiac. The allergist of a student wishing to participate in this program must review and sign two forms: an allergy instruction form and an allergy treatment form. These forms are available in Student Health Services or may be downloaded from the website and printed for completion by their allergist. If necessary these forms may be mailed or emailed to students who will be participating in the program. In addition, students must make an appointment with the allergy nurse for administration of their extract.

Class excuses are not issued to students. Students who are ill are expected to contact their respective professors to inform them of their illness. Professors may phone Student Health Services to verify this information and will be told the student was or was not seen by a professional staff member. Particulars of student visits are not shared unless a student completes a release of information form. Parents or legal guardians are notified of serious illness and emergencies at the discretion of the professional staff. For additional information, visit the Student Health Services website at <https://myq.qu.edu>. Click on the Student Life tab at the top of the page.

Students under the age of 18 must obtain written parental consent prior to obtaining treatment at Student Health Services. The only exceptions are when immediate medical attention is necessary or the student seeks: 1) testing for HIV; 2) an examination or treatment of a venereal disease; 3) mental health treatment; 4) an abortion, or 5) alcohol or drug rehabilitation.

York Hill Campus

Student Health Services also has a location on the York Hill Campus, on the ground floor of the Rocky Top Student Center, opposite the "H" entrance of the Crescent Residence Hall. This facility is open for eight hours each weekday. A health care provider, under the direction of the Student Health Services medical director, is available Monday through Friday. Again, services are available only to those students who have submitted the required information as outlined above.

Allergy injections and contraceptive-related gynecological services are provided on the Mount Carmel Campus only.

- Members must secure a faculty/staff member to serve as the organization's adviser.
- The purpose or actions of the club cannot contradict university, state and/or federal policies and laws.
- Organizations will not be recognized if there is a predetermined amount of liability and risk associated with club activities.

- Founding members should be in good standing per the Eligibility Requirements for Involvement.
- Quinnipiac University will not recognize any clubs that involve gambling or club sports.

- a constitution/by-laws for the organization
- a list of leadership for the organization
- a list of at minimum five graduate students interested in being members of the organization

- a proposed budget for the academic year for the organization

Once all the items are received from the graduate student organization, the dean for Graduate Student Affairs will review the documents and decide whether the organization is able to become recognized. Residence Hall Staff and Organizations

Resident Assistants and Community Assistants

Resident assistants and community assistants serve as paraprofessional staff members in the Office of Residential Life. These 108 student leaders develop a sense of community among residents and assist students with their personal, interpersonal and academic development. Resident assistants work with first-year and sophomore students while community assistants work with juniors, seniors and graduate students.

Residence Hall Directors

A residence hall director is a full-time, live-in professional who serves as the supervisor and administrator of a residence hall community. Residence hall directors serve as part of a team that works with specific residence hall populations. Responsibilities include the development and training of paraprofessional staff members, coordinating programming to respond to the needs of the student population, crises management and serving as student conduct officer.

Residence Hall Council

The Residence Hall Council is a body of students composed of elected members from each hall. Its purpose is to develop collective programming experiences and address student concerns in the residence halls.

Area Councils

Area Councils are located in each of the residential living areas. The purpose is to provide leadership opportunities for resident students and social activities within the residence areas.

National Residence Hall Honorary

The National Honorary represent the top 1 percent of the student leaders on campus and are those who have contributed extraordinary amounts of personal time and energy to make the residence halls more than a "dorm."

Rho Alpha Sigma

Rho Alpha Sigma, part of a national organization, exists to recognize the outstanding efforts of resident assistant and community assistants, and to provide service back to the Quinnipiac community. This organization at Quinnipiac makes up only 10 percent of the paraprofessional staff.

General Information

Making Yourself at Home

Your residence hall is your home during your stay on campus. Quinnipiac supplies your room with a bed, dresser/wardrobe, desk and chair. To make yourself comfortable, you should bring extra-long sheets, pillow, curtains, towels, blankets, lamp, light bulbs and, if desired, rugs and extra furnishings. All university-supplied furniture must remain in the living unit. All common building furniture, including lounge, suite and apartment furniture must remain in the respective common areas.

Most residence areas are equipped with a variety of vending machines (water, juice, soda, candy). Washers and dryers are provided in each residence area. Apartment-style housing units are equipped with kitchenettes. Study lounges are located in Irma, Dana, the Complex, the Commons, the Ledges, the Crescent and Eastview.

Statement of Responsibility

Each student is required to agree to the Quinnipiac University Statement of Responsibility at the time they move into the residence hall. This document explains the expectations and responsibilities of the condition of their living unit.

Residence hall rooms are inspected for damage prior to opening at the beginning of the fall semester. Residence hall staff complete a room condition form for any rooms where pre-existing damages are found. If a student finds damage in his/her room at opening that has not been documented the student should contact the residence hall staff to complete this form by the end of the second week of classes. It is the responsibility of the student to report damage in the beginning of the year as well as damage that occurs through the year.

Work Request Systems

Quinnipiac students have access to both an online Facilities Work Request System and a Computer Help Desk Work Request System through the MyQ portal. If you experience a problem with your computer or Internet connection, you should submit a work request through the Computer Help Desk web page and a professional from that department will address your concerns. If you are having a problem with something in your room (i.e., the light bulb has burnt out), you can submit a work request through the Facilities web page. Work requests are handled as quickly as possible, usually within 24–48 hours. Students living in university-owned houses will find the off-campus work request form in the Residential Life section of the MyQ portal.

QCard and Key Procedures

Students use their QCard to gain access to their hall and room. Students' QCards are activated at the start of the academic year and remain active when the residence halls are officially open. Students should be aware that their cards will not be active to access their hall or room during vacation/break periods. If you lose your QCard, you must go to the QCard Office, located at Auxiliary Services in the library, during business hours to obtain a new QCard. Students will be charged the current fee for replacing lost, stolen or damaged cards or keys. Students must carry their QCard with them at all times.

Lockouts

In the event you find yourself locked out of your building or room, contact the Office of Residential Life. After hours, you should contact the RA in central duty on your appropriate campus:

Mount Carmel Campus—203-582-8622

York Hill Campus—203-582-8291

Each resident student will be permitted two lockouts per academic year. Subsequent lockouts will result in a \$25 fine.

Roommates

One of the most important experiences you have in college involves your relationship with your roommate(s). Incoming

Roommate Bill of Rights

All residents are entitled to the following rights, regardless of agreements in the contract:

1. The right to read and study without interference, unreasonable noises and other distractions
2. The right to sleep without undue disturbance
3. The right to have privacy in one's own room
4. The right to live in a clean environment
5. The right to be free from intimidation, physical and emotional harm
6. The right to expect respect for one's belongings
7. The privilege to host guests, but with the understanding that the guests will honor other residents' rights

students can select a roommate when signing up for housing or will be matched with a roommate according to the information provided in the housing preferences questionnaire. As returning students, you have the opportunity to choose your roommate(s). All residents will be required to complete a room and/or suite contract within three weeks of the fall semester. Successful group living is built upon mutual respect and respect for the rights of the individual. As guidelines, we offer the Roommate Bill of Rights (see next page). Violation of the Bill of Rights is handled by the residential life staff and may result in student conduct action or a new room assignment. This decision is made at the discretion of the director of residential life or his/her designee.

Room Selection

Room selection is done through a lottery process in the spring semester. Information and materials regarding this process will be distributed to all resident students during the spring semester. Students participating in the process must have paid their housing deposit and complete the housing contract on time to be eligible to return to the residence halls. Students studying abroad for a semester are eligible to live in housing for the summer after study abroad. Residential Life cannot hold a room during the fall semester or reserve a space for an entire year.

Security

For the protection and safety of the Quinnipiac community, closed-circuit security cameras monitor public areas and surrounding grounds of various residence halls. Security and safety concerns should be directed to Residential Life staff and Public Safety as appropriate.

Room Change Procedure

At the beginning of each semester, there is a two-week freeze on room changes. Prior to any room changes students need to meet with their resident assistant and residence hall director. A member of the Residential Life staff will assist with the next appropriate steps. Students will be encouraged to talk to roommates first regarding minor conflicts. The university reserves the right to fill any vacancies that occur in student rooms. Students changing rooms should go to the Office of Residential Life to have their QCard access changed.

Medical Accommodations

Students who request housing accommodations must complete a housing accommodations form available in the Office of Residential Life or online at My Housing. Individual student requests will be reviewed on a case-by-case basis by the housing accommodations committee, which consists of representatives from Student Health Services, Learning Commons and Residential Life staff. New students needing accommodations must complete paperwork by June 15; returning students need to submit paperwork by March 1.

Residence Area Closing

The residence areas shut down over vacation and recess periods. With the exception of those who need to remain on campus, students must vacate the residence areas. All unauthorized students who do not vacate the residence areas by the designated time are subject to immediate removal, possible fine and disciplinary action.

Non-Quinnipiac Housing

The Office of Residential Life maintains a list of local properties available for rental, which is available through the MyQ portal. These facilities are not owned by Quinnipiac University and Quinnipiac is not responsible for them.

Financial Matters

Housing Policy/Deposits

Quinnipiac guarantees housing for the first three years of a student's college experience. Seniors and graduate students are housed on a space-available basis. Housing is guaranteed to two groups of students: incoming students who choose housing at the time of their admission to the university and returning students who pay their housing deposit by the designated deadline. Each year students who wish to live in the residence halls for the following year must pay a non-refundable housing deposit by the established deadline. Failure to do so may result in loss of housing privileges. In addition, each student must pay a security deposit when he/she moves onto campus.

Withdrawal and Refund Policy

Students wishing to withdraw from campus housing for the spring semester must complete a residence hall withdrawal form. At the end of the academic year, all students who are not returning to campus housing must complete this form to have their security deposit refunded. Students who withdraw from the residence halls forfeit their right to housing, and may be placed on a waiting list if they wish to return to the residence halls. For further information, refer to the Financial Information and Refund Policy effective each fall semester.

Eligibility to Reside on Campus

To be eligible for university housing, individuals must be full-time matriculating students, at least 17 years old, who are in good financial standing with the university and have paid their housing deposit according to established policies.

Academic Integrity Policy

Email: integrity@qu.edu

The Academic Integrity Board is excited to share with you the Academic Integrity Policy. The attached information outlines a) the primary focus of the policy, and b) a summary of the procedures.

Summary of the Primary Focus of the Policy

1. Focus on Integrity. The general orientation of the policy is to promote and support integrity throughout the entire Quinnipiac community. Most broadly, the new policy reflects our desire to ask each Quinnipiac community member to focus on integrity in its broadest sense, not just honesty (or dishonesty) in academic work.

2. Integrity Standards and Expectations. Toward this end, the policy outlines standards and expectations for all members of the Quinnipiac community as follows:

- **Standards**—the document describes five general principles that form the foundation of Quinnipiac's integrity policy: responsibility, honesty, trust, fairness and respect. The policy states Quinnipiac's expectation that all members of the community embrace and live up to these standards.
- **Responsibilities**—the policy outlines specific responsibilities for all Quinnipiac community members to uphold the values of integrity.

This policy, we believe, should help us to develop a culture of integrity at Quinnipiac that does not emphasize what an individual should not do, but instead encourages students to make choices that reflect their commitment to being responsible adults who take pride in themselves and in the community at Quinnipiac.

3. Student Involvement. Another important innovation—for Quinnipiac, although it is common at other institutions—is the inclusion of students in the academic judicial process. This makes sense from a practical standpoint, in that students are likely to be more invested in a process that they have a say in. Furthermore, studies show that student participation in the process helps to increase the commitment to integrity and honesty.

4. Violations and Procedures. Violations are, unfortunately, inevitable. This policy includes an extensive listing of violations and examples of each. Further, the policy specifies that community members are expected to report violations of the policy.

5. Educational Component. The policy specifically includes an educational component, since a large part of cultivating a culture of integrity on campus is education and promotion efforts. Specifically, under the new policy, the director of academic integrity's mission is to cultivate a culture of integrity through education and marketing efforts.

Summary of Procedures

This is an informational sheet *only*. It is highly recommended that the entire policy be reviewed by each member of the Quinnipiac community.

Introduction: Integrity is a guiding principle at Quinnipiac University and the community will be expected to uphold the five standards of integrity:

Honesty: Honesty is the bedrock upon which integrity is based. Academic and professional honesty require that each individual conduct herself or himself openly and in keeping with the truth. Even more importantly, honesty requires actively searching for and upholding the truth. Honesty is critical for the production and exchange of knowledge and ideas that are the hallmark of an institution of higher learning.

Trust: Trust is essential for an academic community. Academic work almost always builds upon or extends from the work of others and all members of the community must respect the work of others. Each individual must trust that community members undertake their work in such a way that we build our knowledge, while freely and openly admitting our dependence upon the work of others. Community members also must endeavor to be worthy of the trust others have placed in us. This foundation of trust is vital to our community of inquiry and learning.

Responsibility: An academic or professional community provides its members with support, fellowship and intellectual stimulation. The price of these benefits is responsibility to the community. Therefore, all members of the university community must be committed not only to ethical practices themselves, but also must bear the responsibility of helping to encourage integrity among all community members.

Fairness: True communities celebrate the differences among their members while upholding the general principle that each individual should be treated equally. This basic principle of fairness to all is an aspect of integrity that guarantees each of us freedom to express our own individuality. This standard of fairness also carries the burden, however, of fair sanctions to those who violate the standards of the community.

Respect: The university is a gathering place where students and faculty come to learn about different ideas, cultures and ways of thinking—even those with which we may strongly disagree. This learning environment can be maintained only with mutual respect. This respect must be present in the classroom, in our everyday encounters with each another, and in our individual work. Respect means listening to others, evaluating and criticizing their ideas fairly, and properly acknowledging all sources of material not originally ours.

1 This policy, and its emphasis on five principles of integrity, relies heavily upon the “Fundamental Values Project, A Report from the Center for Academic Integrity,” Oct. 1999, published by the Center for Academic Integrity.

A report form may be filed by student, faculty or staff to the director of academic integrity.

In cases involving a minor and unintentional violation, the following occurs:

- Faculty can choose to resolve the incident with the student if this is a first time incident.
- Faculty can educate the student and report this education to the director of academic integrity *without* the student's name. This information will assist the director in determining areas of need for education.
- If sanctioned, the student may appeal.

In cases involving a substantial or intentional violation, the following occurs:

- Faculty must file a report with the director of academic integrity
- Director of academic integrity notifies all individuals of report and procedures
- Student files a response on the response form
 - Student admits violation **and** has prior history of violation: case goes to case review or hearing
 - Student admits violation **and** has **no** prior history of violation: a joint resolution is possible or case goes to a case review or hearing
 - Student denies violation: case goes to case review

If a joint resolution is agreed upon, the resolution form is sent to the director of academic integrity for final approval.

B. Case Review (Preliminary Inquiry)

- Case advisory team consists of one student and one faculty/combined faculty/staff from the Academic Integrity Board.
- Cases that involve multiple students will all be heard by the case review team prior to any voting on individual cases.
- Case advisory team reviews information provided and can interview individuals involved in the report/incident.
 - If sufficient information of a violation is found, a joint resolution can be completed or the information can be sent to the board for a hearing.
 - If a joint resolution is agreed upon, the form is completed and sent to the director of academic integrity for final approval
 - If a hearing is to be held, all parties are notified by the director of academic integrity
- If insufficient information is found for a violation, the case is dismissed and records are not filed. Parties are informed

of the case review decision by the director of academic integrity.

C. Hearing

- Hearing board consists of four students, two faculty/combined faculty and one staff (all of whom would not have been members of the case review for this case).
- Cases that involve multiple students will all be heard by the board prior to any voting on the individual cases.
- Director of academic integrity notifies all individuals of the hearing and the procedures.
 - If student is found responsible, the board first determines if there was a prior integrity violation and then establishes sanctions.
 - If student is found not responsible, the case is dismissed and no records are filed.
 - Student can appeal decision.

D. Appeal

- Student can appeal directly to the senior vice president for academic affairs or his/her designee using the proper procedures.
- Any sanction of suspension, dismissal or expulsion will result in an automatic appeal to the senior vice president for academic affairs.
- A review of the record is completed by the senior vice president for academic affairs or his/her designee. Interviews can be completed as required by the senior vice president for academic affairs. Once a decision is reached regarding the outcome of the appeal, the senior vice president for academic affairs or his/her designee will notify all individuals involved in the case, as well as any appropriate Quinnipiac University personnel (bursar, registrar, deans, etc.) of the outcome.

E. Noncompliance

- Sanction noncompliance
 - 1a. “Students who choose not to comply with the sanctions determined in a joint resolution, will be required to attend a hearing.”
 - 1b. “Students who choose not to comply with the sanctions determined by a hearing board will be subject to a one-semester suspension.”

Procedure

1. Any student who appears to be in noncompliance with either a joint resolution or a hearing board sanction will be notified by the director of academic integrity via email and certified mail of the apparent non-compliance. The student will be informed of the noncompliance issues/facts and instructed to reply in the stated timeframe. The student will have seven calendar days to reply to the director. The student will also be informed that he/she can request an extension, in writing, to the director. No more than one extension can be granted by the director.
2. If the student requests an extension, he/she will be notified by the director within seven calendar days of the extension's approval/denial and the reasons for such.

3. If the student does not reply after notification, the student will be deemed to be noncompliant and required to attend a hearing (joint resolution) or will be subject to a one-semester suspension (hearing).
4. Appeal of the suspension will occur in the same manner as all other suspensions. (See Appeals section of the Academic Integrity Policy on page 52.)

F. Miscellaneous

1. Records are confidential. Records are not to be on a network and should be in a locked file under the supervision of the director of academic integrity.
2. Records will be maintained for three semesters and then automatically destroyed unless a sanction of "suspension, expulsion or dismissal" from Quinnipiac has been given. These records will be maintained indefinitely.
3. If final grades are required while a report is in process, an "incomplete" grade will be given to the student until the issue is resolved.
4. If a report is filed during the summer months, every effort will be made to form the appropriate committees from the Academic Integrity Board in effect during the prior academic year. If this is not possible, the senior vice president for academic affairs and the senior vice president for student affairs will act jointly to establish a committee.
5. Specific examples of violations and sanctions can be found in the appendix to the Academic Integrity Policy.
6. All forms can be found on the Academic Integrity Policy website at www.qu.edu/academic-integrity or through MyQ.

Academic Achievement and Graduation Requirements

All graduate students are expected to maintain a GPA of at least 3.0 on a 4.0 scale. Full-time graduate students are required to achieve a 3.0 GPA each semester. Part-time graduate students must have an overall GPA of 3.0 upon the completion of 9 credits and must maintain a cumulative GPA of 3.0 thereafter.

Individual programs may have additional achievement requirements. For example, a program may require students to achieve a grade of B or better (or pass in a pass/fail format) in key specified courses. Alternatively, a program may limit the number of courses in which a student is permitted to receive a grade of B- or less. Individual programs also may require that full-time graduate students complete a minimal number of credits per semester to retain full-time status within the program.

At the end of each semester, the program directors compile a list of students who do not meet academic achievement requirements. Utilizing the review process established by his or her program's faculty committee, the graduate program director prepares and forwards to the academic dean the program's decision regarding each deficient student. Deficient

students are notified by the academic dean of a decision on their status. Deficient students may be:

- placed on probation,
- suspended or
- dismissed.

Students placed on probation remain in their program but must meet specified performance standards. Suspended students may apply for readmission into their program after the term of their suspension has expired. Dismissed students may not apply for readmission.

Dismissed or suspended students may appeal the sanctions placed on them by their program to the academic dean. Appeals must be submitted in writing within 10 days of the receipt of a suspension or dismissed notice. Appeals should be based on errors in the facts considered by their program or extenuating circumstances. Upon hearing the appeal the academic dean may decide:

- To concur with the program's initial decision. In this case the initial decision is final.
- To send the matter back to be reconsidered by the program.
- To change the sanctions decided by the program by decreasing or increasing the sanctions.

To be eligible for graduation, all students must satisfy the following requirements:

- Meet all conditions of admission.
- Achieve a cumulative GPA of 3.0.
- Meet all program academic achievement requirements.

Sanctions

Any student who fails to achieve any of the requirements above is subject to one of the following sanctions:

Academic Probation

Probation serves as an official notification of deficiency that requires students to promptly address their deficiency(s). After the close of the previous semester, the office of Academic Affairs notifies students of their probation. Prior to the start of each semester, students on probation and their academic advisers and are notified about this sanction through Retention Alert; advisers and probationary students are also directed toward resources that support the Improvement Plan process. Before the end of the first week of classes, students on probation must submit an electronic copy of their Improvement Plan to their academic adviser and the Learning Commons. In their Improvement Plan, they should reflect on their past semester, and indicate how they will improve their academic performance to remedy their academic deficiencies. Probationary students must meet with their adviser within the first two weeks of the next semester to have the adviser approve or amend the plan. Approved plans are forwarded to both their school/college dean's office and the Learning

Commons. Probationary students must meet personally with their adviser a second time during preregistration to discuss their progress in meeting the goals of their Improvement Plan and their course selection for the next semester. Additionally, probationary students must email their adviser with a progress update every two weeks during their semester on probation. The Learning Commons has a variety of programs to support students on probation. Students on probation may register for courses in the usual fashion. However, students on probation must attend and successfully complete an Advanced Learning Tutorial with an academic specialist at the Learning Commons during their probationary semester. These meetings provide students support and strategies to assist them in correcting their deficiencies. Normally, students are not permitted to appeal probationary status. However, students who failed to achieve the completed credits requirement for documented medical reasons may appeal a probation decision.

Students on probation or credit deficient at the close of the semester may use summer or winter classes to regain good standing to the degree this action follows existing academic policies. To remediate a deficiency in GPA, students must take a course offered by Quinnipiac University and comply with existing policies regarding summer and winter courses. To remediate credit deficiency with courses taken at another university, students must comply with the policy regarding study at another institution, which can be found in the university catalogue. If they are able to remediate their deficiency, they must appeal the change of academic status through the office of the associate vice president for retention and academic success no later than the Friday of the first week of the subsequent semester. Appeals should be made in person and should include acknowledgement of current status, actions taken to remediate current status, and discussion of changes intended for the next semester. A change in academic status will not be made without a successful appeal. A successful appeal will result in a notation to the student's transcript that indicates a new standing of Academic Warning, which is discussed below. Appeals to reinstate financial aid may also be addressed during this appeal process.

Suspension

Students who have serious or repeated deficiencies are subject to suspension. Suspended students must leave Quinnipiac for a period of one semester. Suspended students are required to use this period of suspension to review their academic goals and to improve their academic skills. To facilitate this review and reflection, suspended students are assigned an academic specialist with whom to work during their suspension. Suspended students are encouraged to work closely with Learning Commons staff and other resources to prepare for their return to Quinnipiac. Additionally, credit will not be given for courses taken during the suspension period. Suspended students may return to Quinnipiac after the completion of the suspension period; in the semester of

their return, they will be on Academic Warning and subject to its requirements. Further, suspended students are expected to work with their advisers or their associate deans for course selection prior to their return. Students returning from suspension and intending to enroll in summer or winter courses that might contribute to their program must meet with their adviser or their associate dean before doing so.

Dismissal

Students with serious or repeated academic deficiencies are subject to dismissal from Quinnipiac. After a period of at least one year, dismissed students who have demonstrated academic achievement elsewhere may file a new application for admission to Quinnipiac.

Procedures

Decisions regarding probation, suspension and dismissal are made by the Academic Deficiency Review Committee (Deficiency Committee). The Deficiency Committee is composed of five faculty members (appointed by the deans of the academic schools) and the Registrar and Learning Commons staff, who serve on an ex officio basis. With the exception of the first-time full-time students and first-time full-time transfer students as noted above, students are usually placed on probation after their first deficient semester. Individual students may be continued on probation for subsequent semesters if they make progress in addressing their deficiency. However, students who are deficient after a total of three semesters on probation, two semesters after the freshman year, or two semesters after transferring to Quinnipiac are suspended or dismissed. Any student who has a GPA below 1.2 after two semesters is dismissed. Suspended and dismissed students may appeal their sanction to the Academic Appeals Committee, consisting of a representative from Academic Affairs, undergraduate school and college deans or their designee (an associate dean), and two students appointed by the student government president. The Appeals Committee may change a suspension or a dismissal to a lesser sanction. All notifications of decisions and meeting times of the Deficiency and Appeals committees are sent to the permanent address of affected students by Federal Express or first class mail (probation notices only). It is the responsibility of students to be sure they can be contacted and, if necessary, respond promptly to committee notices.

Academic Warning

In an effort to support academic success, the university places under review students whose previous academic performance indicates a risk to academic success. Students whose semester grade point average is less than 2.0 and students who have successfully appealed a change in probationary status, as noted above, will be placed on review. While this review is not an official notification of deficiency and these students are not on probation, both conditions may indicate a challenge to

academic success. Like those students on probation, however, students under review are contacted by Academic Affairs just after the close of the semester. Prior to the start of the next semester, these students and their academic advisers are reminded of the low semester GPA and directed toward resources. Following a discussion of their academic record with their academic adviser or an academic specialist, students will be asked to develop an Improvement Plan and to meet regularly with an academic specialist. This review semester is intended to help students regain their momentum toward academic success.

Math and English Requirements

Full-time students are expected to have completed EN 101, EN 102 and MA 110 (or their equivalent) by the end of three semesters. Part-time students are expected to have met these requirements by the time they have completed 30 credits. Students may not withdraw from EN 101 or EN 101 Intensive. The first time a student fails to complete EN 101 or EN 101 Intensive successfully, a grade of "U" is issued. Each additional unsuccessful attempt at EN 101 or EN 101 Intensive results in a grade of "F." For more information, please review the course description.

Student Records Policy

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. These rights include:

1. The right to inspect and review the student's educational records within 45 days of the day Quinnipiac University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. A Quinnipiac official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Quinnipiac official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that he or she believes are inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA. A student who wishes to ask the university to amend a record should write the Quinnipiac official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If Quinnipiac decides not to amend the record as requested by the student, the university will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before Quinnipiac discloses personally identifiable information contained in the student's educational records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by Quinnipiac University in an administrative, supervisory, academic, research or support staff position (including law enforcement unit personnel and health staff); a person or company which whom Quinnipiac has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility. Upon request, Quinnipiac also discloses educational records without consent to officials of another school in which a student seeks or intends to enroll.

Public Notice Designating Directory Information

Quinnipiac University designates the following information as public or "Directory Information" under FERPA, that is, information that can be made available to the general public by Quinnipiac without the student's prior consent:

- Name
- Address
- Telephone number
- Email address
- Date and place of birth
- Secondary school
- Hometown or city at the time
- School or college
- Major field of study
- Degree sought
- Weight and height of athletic team members

- Degrees and awards received
- Dates of attendance
- Full- or part-time enrollment status

- Name and address of parent or guardian
- Photo images from ID cards

A student may refuse to permit the designation as "Directory Information" of any or all of the personally identifiable information listed about, except to school officials with legitimate educational interests and others as indicated. To do so, a student must make the request in writing to the Office of the Registrar by 5 p.m. on Friday of the first week of classes

of the semester. Once filed, this request becomes a permanent part of the student's record until the student instructs Quinnipiac University, in writing, to have the request removed.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Quinnipiac University to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-59001

While students have the right to inspect and review their educational records, Quinnipiac does not release copies of educational records to students or their representatives, including attorneys, even with consent of the student.

Conduct Records

Please refer to Student Records Policy, item #1, on previous page.

Student Code of Conduct Process

The purpose of the Student Code of Conduct process at Quinnipiac University is to review potential violations of Quinnipiac community standards. It must be emphasized that the legal responsibilities and liabilities of Quinnipiac reside with the board of trustees. The board of trustees vests in the president or his designee the authority to hear and resolve final appeals in any matter. Further, the code of conduct represents the concept that a disciplinary process should be an educational experience that fosters responsibility for individual actions and how those actions impact the community.

Primary supervision of the Student Code of Conduct process rests with the vice president and dean of students. The associate dean of student affairs is responsible for advising the vice president and dean of students on administration of the Student Code of Conduct process.

The vice president and dean of students or his/her designee has the authority to determine those very serious violations of the university's Student Code of Conduct that require immediate attention.

All other conduct cases are reviewed by a conduct officer under the direction of the associate dean of student affairs. Individuals may request an appeal provided they attended their original conduct meeting, have grounds for an appeal as stated in this handbook, and meet with the associate dean of student affairs or designee to complete appropriate paperwork. The appeal decision is final.

The day-to-day safety and health operations and business practices of Quinnipiac do not fall under the purview of the

code of conduct process. Furthermore, an officer of Quinnipiac or a duly authorized individual acting on behalf of Quinnipiac may take immediate action toward a person(s), if that person(s) is perceived to be a threat to his/her life, health or safety and/or that of others.

Basic Policies and Principles

Every community has standards and traditions governing the behavior of its members to ensure the basic rights of individuals, as well as to reflect the practical necessities of the community. The Quinnipiac community is no exception and, perhaps more than others, depends upon the maturity and sense of responsibility of its members. These basic policies and principles and accompanying conduct procedures are designed to ensure that the rights of community members are protected, and that the educational process may proceed without impairment.

Advisers

Excessive legalism can be a disservice to Quinnipiac and its community of students, faculty and staff. Legal counsel/attorneys, parents and/or family members are not permitted to participate in any conduct meeting. A member of the Quinnipiac faculty, staff (excluding any relative employed by the university) or student body may attend the meeting in the role of an adviser. Advisers serve as a moral and emotional support for students during conduct meetings, and can assist them with their meeting preparation. Advisers are not permitted to advocate for a student or speak on their behalf during a conduct meeting. Students who are witnesses to an incident or are involved in the same student conduct matter cannot serve as advisers.

Amendments

Quinnipiac reserves the right to amend the Student Code of Conduct or related processes at any time.

Bias-Related Incidents

Quinnipiac University fosters respect for each individual by honoring the differences inherent among people. As a community of learners and scholars, we recognize and appreciate our common humanity. As such, bias-related violations of the Student Code of Conduct directed toward a person or group because of factors such as race, religion, ethnicity, ability, national origin, age, gender identity, gender expression, sex, sexual orientation or veteran status may be assessed enhanced sanctions.

Fines and Restitution for Damages

Students responsible for damage and vandalism to Quinnipiac property may be required to pay restitution. In cases where damage or vandalism is done to common areas, and the student(s) who are responsible cannot be determined, students sharing that common area share in the cost of the restitution. Residents are responsible for reporting individual damages to their residence hall director, the Office of Facilities and/or the

off-campus property management company, as soon as they occur. Residents are not permitted to make their own repairs.

Identification

All Quinnipiac students must carry their university QCard and provide it to university personnel (i.e., residence hall director, public safety officer, resident assistant, etc.) upon request. Visitors must carry their university visitor pass and state-issued photo identification at all times.

Jurisdiction

The Student Code of Conduct shall apply to conduct that occurs on university-owned or leased property and at university-sponsored events. In addition, Quinnipiac reserves the right to address, through the Student Code of Conduct process, incidents that occur off campus that may endanger the health, safety and welfare of self or others and/or adversely affect the university and/or the pursuit of its objectives. Each student shall be subject to the Student Code of Conduct from the time of application for admission through the awarding of a degree at Commencement, as well as during periods between terms of actual enrollment, study abroad and leaves of absence or suspension. Complaints against people who have already withdrawn or graduated from Quinnipiac will not be subject to the Student Code of Conduct Process.

Parental Notification

Quinnipiac reserves the right to communicate with parents/guardians on any student conduct action taken by Quinnipiac officials, within the framework established by the Family Educational Rights and Privacy Act (FERPA).

Weapon and Other Contraband Searches

The university reserves the right at any time with or without notice to search all university-owned or leased property and all vehicles, packages, containers, briefcases, backpacks, purses, lockers, desks, enclosures and persons entering or leaving its property for the purpose of determining whether any weapons or other contraband has been brought onto its property, for the purpose of inspection or repair, to preserve the health and safety of the university community, or for suspected violations of university policy. Any person who refuses to promptly permit a search under this policy may be denied immediate and future access to university property and/or subjected to the Student Code of Conduct process. Public Safety staff members will use their discretion to contact local law enforcement if weapons or other contraband are located during a search that constitutes a violation of Connecticut law.

Standard of Evidence

A conduct officer will find a student responsible for a conduct code violation if the violation is shown by a preponderance of the information presented; that is, based on information that the conduct officer finds credible and convincing, it is more likely than not that the student is responsible for violating the Student Code of Conduct.

Student Conduct Holds

Students who fail to complete student conduct sanctions by the assigned deadline will have a hold placed on their student account.

Title IX Grievance Procedures

Any incident that involves behaviors included under the Student Code of Conduct #6 and/or involves gender-related harassment or discrimination will fall under the investigation and grievance procedures established by the Title IX Policy Against Gender-Based Discrimination and Sexual Misconduct (see p. 61).

Victim Information

Community members who are victims of a reported crime against their person or property may be entitled to information, upon written request, about university disciplinary proceedings related to that crime pursuant to the Federal Educational Rights and Privacy Act and the Higher Education Opportunity Act of 2008, section 493. Students who are alleged victims of a sexual offense or one of the following crimes of violence, as defined by the U.S. Department of Education, may be entitled to information:

- arson
- assault offenses
- burglary
- criminal homicide
- destruction, damage and vandalism of property
- kidnapping/abduction
- robbery

Students with requests or questions should contact the associate dean of student affairs.

Electronic Communications

Quinnipiac University encourages its students to become involved and connected to the community in as many ways as possible. The Internet has provided additional ways for communication to occur. However, with these additional means of networking and communicating, community members must exercise extra care and diligence. Students must be aware of the added responsibility associated with these opportunities for networking and communicating.

Communications on sites such as Facebook, YouTube, Snapchat, Twitter and personal blogs, though logins are often required, represent public and open communication. Communications on such sites are not specifically monitored by Quinnipiac officials, but may be brought to the attention of officials when seen as possible violations of the Student Code of Conduct. As with other public arenas, information found on Internet sites is acceptable as information in conduct meetings and other proceedings. Information that is acceptable may include but is not limited to: wall postings, journal entries, blog postings, pictures, media, online comments, "tweets" and other openly accessible communications.

Messages between individuals—instant messages, text messages, email, Facebook messages, or other electronic forms of communications—may also be used in the conduct process.

Students should be aware that the Internet is considered a public forum and information posted there can be viewed by anyone. Students are encouraged to use caution with information made available to others online and through social media.

Student Code of Conduct

All Quinnipiac students are responsible for abiding by the standards of the Quinnipiac community, and those who violate them are subject to disciplinary action. Any attempt to violate the policies and regulations of Quinnipiac is considered sufficient information for having committed the violation itself. Moreover, Quinnipiac recognizes and respects local, state and federal laws and does not provide safe haven or sanctuary for students who violate such laws.

The university may pursue enforcement of its own policies, whether or not legal proceedings are underway or forthcoming, and may use information from third-party sources, including but not limited to law enforcement agencies, the courts and outside media to determine whether Quinnipiac's policies have been violated. Conversely, Quinnipiac makes no attempt to shield members of the university community from the law, nor does it intervene in legal proceedings against a member of the community. These standards are announced in writing to give students general notice of community standards. The standards should be read broadly and are not designed to define misconduct in exhaustive terms.

The Student Code of Conduct process may review and impose sanctions on an individual or group involved in any criminal or civil offense. Violations of specifically stated policies as written in the Student Handbook, or otherwise distributed or published rules of Quinnipiac are prohibited. These include but are not limited to:

1. Alcohol

Student Code of Conduct System

The Quinnipiac University Student Code of Conduct System consists of conduct meetings and appeal meetings. All proceedings are conducted according to the procedures set forth in this handbook.

Students accused of an alleged violation of policy are notified and given their procedural rights in writing and/or electronically by a conduct officer. At the time of the conduct

meeting, procedural rights are reviewed and students are asked to declare whether they are or are not responsible for the alleged violation. Students and parents are encouraged to contact the Office of Student Conduct with questions about the code of conduct process and procedural rights.

Immediate Disciplinary Suspensions

Quinnipiac recognizes that its philosophy is linked with the protection of its students, faculty, staff and property. The vice president and dean of students or designee has the authority to immediately suspend from the university or residential housing any student who is a threat to self or others or who, due to the severity of the underlying incident, may be subject to a separation from residential housing or the university.

Examination and Vacation Periods

During examination, vacation and other periods, conduct meetings may occur as necessary. A conduct meeting may be called during these times if deemed necessary by the associate dean of student affairs or designee. All decisions rendered during this interim period must conform to the spirit of the code of conduct process as expressed in this handbook.

Proximity to Graduation

Exception may be granted only if a serious incident occurs within three weeks of the final semester of any graduating senior. Under such circumstances, the executive vice president/provost and vice president and dean of students may or may not allow a student to complete his/her course work for credit if such arrangement can be practicably accomplished without the student returning to campus and if such an accommodation is merited in their view based on circumstances on a case-by-case basis. An expelled student may not participate in graduation exercises or return to campus or the university for additional course work and, except for the possibility of a senior in his/her last three weeks of school, an expelled student will not receive a Quinnipiac diploma.

Conduct Procedures

The initial incident report describes the behavior and appropriate facts and details relating to the incident at issue and identifies witnesses where appropriate. Initial information about an incident is submitted or released to residential life staff, the public safety department or the Office of Student Conduct for appropriate action. The information typically describes alleged behavior and facts detailing the incident.

Upon receipt of the information and, if necessary, a completed investigation by a university investigator, the assigned conduct officer schedules a conduct meeting, which is usually held within ten business days following the receipt of the information or investigation report. A notice of the time, date and place of the meeting is sent to the student via electronic mail at least 48 hours prior to the meeting.

A request for postponement of up to five additional business days for a conduct meeting can be made to the conduct officer. The request must be for good cause and is subject to the availability of the conduct officer. The parties involved are responsible for checking their Quinnipiac email account even during examination and vacation periods. Excuses for not checking the mailbox, email account, or delays in mail delivery are not acceptable reasons for postponement. Conduct cases are heard as scheduled with or without the student present.

Student Procedural Rights in the Student Code of Conduct Process

A student who has been charged with a violation of the Student Code of Conduct is granted fundamental fairness in the form of the following rights as part of this process:

- **Notice**—The right to be informed, in writing, of the specific alleged violation(s) of the Student Code of Conduct in which the student is suspected of involvement.
- **Procedures**—The right to be informed orally and/or in writing of the conduct procedures.
- **Information**—The right to know the nature of the information at the time of the meeting and object to information being heard that is unrelated to the incident cited in the report.
- **Witness Statements**—The right to present witness statements in a conduct meeting.
- **Adviser**—The right to have a Quinnipiac faculty or staff member (excluding any relative employed by the university) or student attend the meeting in the role of adviser. This individual may not address the conduct officer, but may consult freely with the student. Legal counsel/attorneys, parents and/or family members, and students involved in the underlying incident are not permitted to participate in any conduct meeting.
- **Meeting**—The right to request a postponement, subject to the availability of the conduct officer, of up to five business days from the original conduct meeting.
- **Privacy**—The right to have all records, files and proceedings kept appropriately private.
- **Written decision**—The right to have a written decision letter documenting the results of the conduct meeting.
- **Appeal**—The right to request an appeal of a conduct meeting, if found responsible. Any student wishing to appeal must contact the associate dean of student affairs at 203-582-8753 within one business day after the conduct meeting. Students who fail to attend their conduct meeting forfeit their right to request an appeal.

Witness Statements

Witnesses are those individuals who provide information based on personal knowledge or experience of the incident. The conduct officer has the option of communicating with witnesses as deemed appropriate. Character statements are not considered valid witness statements.

Conduct Meeting

At a conduct meeting, a conduct officer, the student and his or her advisers are present. The conduct officer reviews the procedural rights of the student. The incident report may be read and the alleged violations based on the report are explained. The student is asked to declare if he/she is responsible for any of the alleged violations. The student has the option to waive his/her right of 48-hour notification.

The student presents his/her information, which may include witness statements acquired by the student. After the presentation, the conduct officer engages in a conversation with the student. The conduct officer decides if the student is responsible or not responsible for the charged violations. The sanction may be announced and explained either at the meeting or within three business days as determined by the conduct officer. At the time the decision is rendered, the student signs the conduct meeting agreement acknowledging the finding and sanction. The student has the right to request an appeal, if found responsible for any violation.

Recordings and Disciplinary Records

Students are not permitted to record conduct meetings. Disciplinary records, excluding dismissals and expulsions, are retained electronically for seven years after the incident date. All dismissal (if the student does not return to Quinnipiac) and expulsion records remain permanently on file. All conduct meetings are closed. The conduct officer, the student and his or her advisers, and a member of the Office of Student Conduct or appropriate university staff member are the maximum number of individuals to participate at a conduct meeting. The university does not permit the release of any recordings or disciplinary records to parties outside the university.

Findings

The student must receive the decision of the conduct officer in writing within three business days after the conduct meeting.

Sanctions

Violations of the Student Code of Conduct may bring one or more sanctions. Sanctions include, but are not limited to:

1. **Expulsion**—The permanent separation of the student from Quinnipiac University, university-related events/activities and Quinnipiac owned, operated or leased property.
2. **Dismissal**—The separation of the student from Quinnipiac University, university-related events/activities and Quinnipiac owned, operated or leased property for an indefinite period of time. Readmission to Quinnipiac may be possible in the future by petition and demonstration of satisfactory completion of conditions set forth by the student's decision letter to the appropriate conduct officer, after the date noted in the decision letter.
3. **Suspension from the university**—The immediate exclusion from classes, Quinnipiac-sponsored internships, externships or clinical assignments, residence halls, the university and/or other privileges as set forth in the notice of suspension.

Suspension occurs for a specific period of time at the end of which a student is reinstated to his/her former student status.

4. **Deferred suspension from the university**—A suspended removal from Quinnipiac University for a period of time. Any violation of policy committed during this period causes the suspension to take effect immediately. The length of time is determined by the conduct officer.
5. **Suspension from the residence halls**—A suspension and removal from the residence halls for a period of time. Students who are suspended from the residence halls may not reside in or visit any university-owned residential facility.
6. **Deferred suspension from the residence halls**—A suspended removal from Quinnipiac University residential living area. Any violation of policy committed during this period causes the suspension to take effect immediately. The length of time is determined by the conduct officer.
7. **Campus restriction** – The prohibition of a student from being present in a particular building or area of Quinnipiac property and/or take part in a particular university-sponsored activity.
8. **Disciplinary probation**—A period of time, not to exceed one calendar year, determined by the conduct officer, during which the student's actions are subject to close examination. Sanctions attached to disciplinary probation may include, but are not restricted to, the following:
 - Denial of the right to participate in certain Quinnipiac activities, or eligibility to represent Quinnipiac in any cocurricular activity or athletic event.
 - Prohibition from holding office in any student group or organization.Notification of any of the above is sent to appropriate Quinnipiac offices and parents/legal guardians.
9. **Loss of Privileges**—A student is prohibited from participating in designated social events or activities, such as, but not limited to: attending athletic events, senior week, campus concerts, participation in student organization activities or other university events/activities.
10. **Student Conduct Warning**—A notice to the student informing him/her that further violations of the Student Code of Conduct may result in more severe sanctions, including placement on disciplinary probation.
11. **Restitution**—The student is required to make payment to Quinnipiac and/or other persons, groups or organizations for damages incurred as a result of violations of the Student Code of Conduct.
12. **Fines**—Students may be fined for violations of specific policies or procedures as outlined in the Student Handbook and/or other published or distributed materials.
13. **Removal of property**—A student may be requested to remove property that disturbs others, endangers an individual's health or safety or is involved in a violation of the Student Code of Conduct.
14. **Educational sanctions**—Additional sanctions such as

facilitating a program, writing a paper, attending a program/class, or completing an online program may be a part of any disciplinary sanction assessed for violations of the Student Code of Conduct.

Appeals

Conduct meetings may be appealed to a conduct officer appointed by the associate dean of student affairs. To receive an appeal meeting, the student must specify the grounds upon which the appeal is based, and how those grounds materially affected the outcome (responsibility or sanctions) of the original meeting. Appeals are accepted for the following grounds:

- Additional and/or new relevant information not available at the time of the conduct meeting.
- An error in the conduct process, as outlined in the Student Procedural Rights or the Student Code of Conduct process that materially affected the outcome of the conduct meeting.

An appeal form may be obtained from the associate dean of student affairs or designee. A communication (via email, phone, in-person) indicating the intent to appeal must be submitted to the associate dean of student affairs or designee no later than one business day after receipt of the conduct meeting decision. The student must meet with the associate dean of student affairs or designee, complete an appeal form and submit a formal letter of appeal for the appeal to be considered by an appeal officer. The letter of appeal must be completed by the student him/herself and either signed or submitted directly from the student's Quinnipiac email address. Sanction(s) imposed by the conduct officer may be held in abeyance by the associate dean of Student Affairs until the appeal is acted upon by the appeal officer. When the student is suspended from the residence halls or the university pending a conduct meeting, the suspension status remains as stated pending the appeal meeting. If it is determined the sanction is to be held in abeyance, it is not official until the formal letter of appeal is filed. The letter of appeal specifies the grounds upon which the appeal is based, and how those grounds materially affected the outcome of the original meeting. Students who fail to attend their original conduct meeting forfeit the right to request an appeal.

The appeal officer determines whether or not there are grounds for an appeal meeting. If the appeal officer determines that an appeal meeting should be granted, he or she may conduct a formal appeal meeting. Similar to the conduct meeting, students may bring an adviser to the appeal meeting. Representative(s) from the initial conduct meeting may be called to attend the appeal meeting or spoken to separately by the appeal officer. If the sanction imposed by the conduct officer is expulsion, dismissal or suspension from the university, an appeal meeting is automatic should they request one.

The appeal officer may decide:

- To concur with the conduct officer. In this case, the initial decision is final.
- To modify the finding(s) and/or sanction(s) decided by the conduct officer(s).

The appeal decision is final.

Leaves of Absence

Leaves of absence may be arranged for one or two semesters through the registrar, subject to departmental and school approval. At the conclusion of the leave of absence, the student receives automatic readmission to the University. The granting of a leave of absence guarantees readmission to the major in which the student is enrolled when applying for a leave and permits the student to graduate by complying with the degree program requirements in effect when the leave is taken, provided that the courses are still offered. If requirements for graduation are changed after a student is first admitted to Quinnipiac, the student can choose to follow either the former or the new requirements. During the leave of absence, Quinnipiac retains the student's deposit until completion or withdrawal.

If a student takes a leave of absence and later is suspended, dismissed, placed on warning for unsatisfactory academic performance (including academic integrity sanctions), or suspended or expelled as the result of a conduct decision, the sanctions take precedence over the leave of absence and stand as a matter of record. Any academic warning becomes operative at the time of return to the University. An involuntary medical leave of absence takes precedence over a voluntary leave of absence and the student must comply with the terms of the medical leave.

Leaves of absence are not granted for the purpose of allowing a student to study at another university. In general, courses taken at another institution while a student is on a leave of absence will not be transferred in for credit at Quinnipiac. Students who do not return after the specified leave of absence period will be administratively withdrawn and will be required to reapply for admission in order to return to the University. In such instances there is no guarantee of readmission.

Military Leaves

Students in the military reserves who are enrolled when they are called to active duty, can choose:

- Withdrawing from courses with a full tuition refund or tuition credit, in accordance with institutional and federal government guidelines.
- If a student has completed at least 50 percent of the course work and upon recommendation of his/her dean, the student may elect to take incompletes and make special arrangement for course completion with individual instructors.

Students needing to take a military leave should contact the

director of veteran and military affairs at 203-582-8867.

Students are eligible to return within one year following active duty. However, the degree requirements may have changed, and they may be required to comply with degree program requirements in effect at the time of their return to the University.

Involuntary Medical Leaves of Absence

The university may place a student on an involuntary medical leave of absence in situations where it determines, after conducting an individualized and case-by-case assessment, that there is a significant risk that the student will harm himself/herself or another, and that the risk cannot be eliminated or reduced to an acceptable level through reasonable accommodations. The director of health and wellness will make this decision, and the director or the director's designee will promptly notify the student's parents, legal guardians or emergency contact accordingly. The director or the director's designee also will make arrangements to remove the student immediately from the university.

Once the leave begins, in the interim, pending an evaluation by a university consulting medical professional, the director of counseling services and the coordinator of learning services or their designees will conduct an individualized assessment and case-by-case determination as to whether and what reasonable accommodation(s) can be made to allow the student to participate in the educational programs at the university and to continue to attend his or her classes while seeking treatment. The student must undergo an evaluation with one of the university's consulting medical professionals, which will be arranged and paid for by the university. The student must release all relevant medical information from his or her treating physician to the university's consulting medical professional prior to the evaluation. The results of the evaluation will be reviewed by the director of counseling services and the associate vice president for student affairs or their designees, and a decision will be made whether the student may return to the university immediately, with or without a reasonable accommodation, or whether the leave will be extended. If the leave is extended, the director of counseling services and the coordinator of learning services or their designees will conduct an individualized assessment and case-by-case determination as to whether and what reasonable accommodations can be made to allow the student to participate in the educational programs at the university and to continue to attend his/her classes while continuing to seek treatment.

In the event the leave is extended, the student must undergo a second medical evaluation shortly before the expiration of the extended leave with the university's consulting medical professional, at the student's expense, before returning to the university. The student must release all relevant medical information from his or her treating physician to the university's consulting medical professional prior to the evaluation. The results of the evaluation will be reviewed by

the director of health and wellness or designee, and a decision will be made whether the student may return to the university immediately, with or without a reasonable accommodation, or whether the leave will be extended. If the leave is extended, the director of health and wellness and the coordinator of learning services or their designees will conduct an individualized assessment and case-by-case determination as to whether and what reasonable accommodation(s) can be made to allow the student to participate in the educational programs at the university and to continue to attend his/her classes while continuing to seek treatment. If the student is permitted to return, the director of counseling services and the coordinator of learning services or their designees will conduct an individualized assessment and case-by-case determination as to whether and what reasonable accommodation(s) can be made to allow the student to participate in the educational programs at the university upon his or her return.

A student who has been placed on involuntary medical leave of absence is subject to the same policies as a student granted a voluntary leave of absence regarding financial aid and financial obligations as stated in the university's refund policy.

Appeals

Students may appeal the decision to require an involuntary medical leave of absence or to return from one. The appeal must be submitted in writing to the vice president and dean of students. All information submitted, including the results of the evaluations, become part of the student's health record and will be considered confidential.

Policy Statement on Disabilities

Students with disabilities who wish to request reasonable accommodations should contact the Office of Student Accessibility in Arnold Bernhard Library north wing (Mount Carmel Campus) or School of Law and Education 340 (North Haven Campus) at 203-582-7600 email access@qu.edu. Quinnipiac University complies with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act.

Policy Statement on Student Exposure to Bloodborne Pathogens

The university recognizes that some students may accidentally be exposed to another person's blood/body fluids (including airborne droplets) through various activities in their course work, clinical practicums or other university-related activities. All health science students are required to be trained according to the Occupational Safety and Health Administration's Bloodborne Pathogen Standard. This training will be available either on campus by a faculty member or at the student's clinical facility. Students also may be required to obtain a hepatitis B vaccine prior to beginning any clinical work. For specific instructions, please refer to the Student Exposure

Control Policy for Bloodborne Pathogens available at the Office of the Dean of Health Sciences or Office of the Dean of the School of Nursing and Student Health Services.

Policy Statement on Hazing

Quinnipiac University makes every effort to create an environment that is fair, humane and respectful for all students, faculty and staff and works to ensure that academic and cocurricular activities enhance the growth and development of all students. Therefore, and in accordance with state law, Quinnipiac University prohibits hazing of any member of the Quinnipiac community by any organization, student athletic team, group of students or individual.

Definition of Hazing

Hazing is defined as, but not limited to, any action taken or situation created intentionally as a method of initiation into any student organization, student athletic team or group of students regardless of membership status, whether on or off campus, to create mental or physical discomfort, embarrassment, harassment, ridicule, physical or psychological shock, or potential mental or physical injury. The expressed or implied consent of the person being hazed will not be a defense. Knowledge of, apathy toward or acquiescence in the presence of hazing are not neutral acts and will be construed as violations of this standard. Individuals who perpetrate, plan or witness (without reporting) a hazing incident or have prior knowledge or withhold information of an incident are subject to conduct action.

Such activities may include, but are not limited to the following:

- compromising physical, emotional, psychological or spiritual well-being
- asking or forcing any members to drink alcoholic beverages or use illegal substances
- paddling or physical harm in any form
- creating excessive fatigue through calisthenics, physical exercise, restricting or disrupting sleep, lengthy work sessions
- causing physical and psychological shocks

- calling any members degrading names that may cause embarrassment or ridicule

- expecting members to complete any directives from a member including, but not limited, to personal errands

- restricting adequate time for studies during recruitment and initiation for new members
- committing any violation of the Student Code of Conduct, federal, state or local law

Connecticut law also defines hazing as a criminal offense. Connecticut General Statutes § 52-23a describes hazing as:

a. For the purposes of this section:

1. "Hazing" means any action that recklessly or intentionally endangers the health or safety of a person for the purpose of initiation, admission into or affiliation with, or as a condition for continued membership in a student organization. The term shall include, but not be limited to:
 - A. requiring indecent exposure of the body;
 - B. requiring any activity that would subject the person to extreme mental stress, such as sleep deprivation or extended isolation from social contact;
 - C. confinement of the person to unreasonably small, unventilated, unsanitary or unlighted areas;
 - D. any assault upon the person; or
 - E. requiring the ingestion of any substance or any other physical activity that could adversely affect the health or safety of the individual. The term shall not include an action sponsored by an institution of higher education, which requires any athletic practice, conditioning or competition or curricular activity.
2. "Student organization" means a fraternity, sorority or any other organization organized or operating at an institution of higher education.
- b. No student organization or member of a student organization shall engage in hazing any member or person pledged to be a member of the organization. The implied or express consent of the victim shall not be a defense in any action brought under this section.
- c. A student organization that violates subsection (b) of this section (1) shall be subject to a fine of not more than \$1,500 and (2) shall forfeit for a period of not less than one year all of the rights and privileges of being an organization organized or operating at an institution of higher education.
- d. A member of a student organization who violates subsection (b) of this section shall be subject to a fine of not more than \$1,000.
- e. This section shall not in any manner limit or exclude prosecution or punishment for any crime or any civil remedy.

Policy Statement on Noise

It is the policy of Quinnipiac to provide a reasonably quiet environment not only for its student body, faculty and staff but for the surrounding neighborhood as well. In an effort to maintain this policy, Quinnipiac's Public Safety and Residential Life departments will, as a standard practice, aggressively monitor noise levels, which may be excessive or offensive to the Quinnipiac community or to our neighbors. It is the responsibility of Public Safety and the Residential Life staff

member on duty to maintain and enforce this policy on an ongoing basis.

When, because of location or other circumstances, it becomes necessary for our neighbors to report inappropriate noise to Quinnipiac, immediate action will be taken to quiet the situation. Students in violation of this policy will be referred to the Quinnipiac student conduct process. Finally, a follow-up notification will be issued to the complainant(s), informing them of the resolution.

The Neighborhood Association has been made aware of the accepted procedure of calling in a complaint to the public safety department (203-582-6200) explaining the nature and general location of the noise. However, it is our goal and indeed the policy of Quinnipiac to aggressively identify and quiet any noisy situation before others feel a need to complain. Quinnipiac is aware of our responsibility as an institution and valued neighbor to maintain order and decorum. Therefore, every effort will be made to ensure the policy is diligently followed.

Policy Statement on Parental Notification

The philosophy of Quinnipiac University in working with students who violate university policies is to find ways to solve the problem and focus on educating students and holding them accountable. The university relies on the professional judgment of the student affairs staff to resolve these issues by assessing each student's situation and proceeding with the appropriate action.

The vice president and dean of students or a designee has the authority to determine when and by what means to notify parents or guardians when students have committed violations of university policies and/or local and state laws and in other situations where appropriate, as discussed in this handbook and in accordance with the Family Educational Rights and Privacy Act (FERPA).

Policy Statement on the Use of Computer and Information Resources

Quinnipiac University provides an extensive array of computer and information technology to students. Users are provided access to Internet and networking resources including software applications and library databases.

Students are encouraged to explore and utilize computer and information resources within the limits of their Quinnipiac account; share their computer knowledge and expertise with other Quinnipiac users; facilitate the legitimate access to computer and information resources by other Quinnipiac users; create and freely distribute original software and documentation designed to enable other Quinnipiac members to use the resources more effectively. Our campus community depends heavily on Quinnipiac's network to complete essential parts of their academics and daily work; therefore, users must not intentionally damage or misuse system resources so as to prevent others from doing their work or completing their studies.

The provision of computing resources at Quinnipiac requires strictly legal and ethical utilization by all users including faculty, students and staff. The computing facilities at Quinnipiac, including all network resources, all school and departmental computers and labs along with network and internet bandwidth resources are limited and should be used in a responsible manner.

Inappropriate use of resources includes such activities as:

- Using computer and network resources for personal non-academic activities, which denies computer and network access for academic purposes
- Using Quinnipiac's network resources to illegally share or distribute copyrighted material (including movies, music and software). Unauthorized distribution of copyrighted material, including peer-to-peer file sharing, may subject a student to civil and criminal liabilities;

Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws
Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright

infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense.

For more information, please see the website of the U.S. Copyright Office at www.copyright.gov, especially the FAQ section at www.copyright.gov/help/faq

- Sending harassing, pornographic, inappropriate or frivolous messages (including email, IM and SMS text via mobile devices), either locally or over the Internet
- Using excessive amounts of storage on MyFileSpace, MyWebSpace or on Exchange server
- Using excessive bandwidth
- Running grossly inefficient programs

These guidelines, though not covering every situation, specify some of the responsibilities that accompany computer usage at Quinnipiac and the networks to which Quinnipiac is connected. All users are expected to abide by these regulations and by the regulations governing the use of the campus computers, computer networks and labs.

Responsibilities of Each Computer User

Use of Computer Resources

Every member of the Quinnipiac community must use computer and network resources only for the purpose for which they are intended. No one has the right or authority to extend his or her established range of access to computer systems or records. Quinnipiac-supported computing includes unsponsored research, instructional computing, learning and administrative activities. Resources must not be used for commercial purposes or personal monetary gain.

System Security and Privacy

The security of institutional records is the responsibility of each member of the faculty, staff and student body. Institutional records include all matters pertaining to personnel, payroll, registrar, admissions, financial aid, development, medical records, security reports, financial data and other information of privileged and private nature.

Users must not attempt to modify system access, attempt to disrupt the system, or attempt to subvert the restrictions associated with their computer accounts. They should not tamper with any software protection placed on any computer applications (e.g., antivirus software).

Users must not search for, or use software to scan the network for, access or copy directories, programs, files, disks or data

belonging to others without specific authorization to do so. Programs and data residing in Quinnipiac University departmental systems are not considered public domain and should not be used, in part or in whole, for any purpose other than that which is officially authorized.

Quinnipiac-provided computing equipment and software must not be used to violate the terms of license agreements, and all users must comply with federal and state laws, and all university regulations, related to copying, distribution and use of computer software and data.

Any violation of this policy will be considered a serious matter and be dealt with accordingly.

Choosing Passwords

Passwords are an essential aspect of computer security, providing important front-line protection for electronic resources by preventing unauthorized access. Passwords help the university limit unauthorized or inappropriate access to various resources including user accounts, web and email accounts. Users must choose difficult-to-guess passwords. Passwords must not be found in the dictionary and must not be a reflection of the user's personal life. All passwords must be at least eight characters. Users must choose passwords that include both alphabetic and numeric characters, upper and lower case and special characters (\$, %, @, \$, etc.). An example would be @Qu2017! Or N0t2hrd?.

Quinnipiac University's full Password Policy can be found at <https://myq.qu.edu/InfoSec>

Changing Passwords

User-chosen passwords must not be reused or recycled. Passwords must be changed at least once a year and passwords must be changed the first time they are used. If a user suspects that somebody else may know his or her password, the password must be changed immediately.

The Information Services department's Help Desk can reset user passwords, also available online at <https://aphrodite.qu.edu/passwordreset/default.aspx>

Protecting Passwords

Users must not share a password with anyone, including other users, parents, students, staff and faculty. Users must not store passwords in any computer files, such as logon scripts or computer programs, unless the passwords have been encrypted with authorized encryption software. Passwords must not be written down unless they are physically secured, such as placed in a locked area (e.g., locker or safe).

Individual Security and Privacy

A user must use only his/her own computer account. The structure of accounts and passwords plays an important role in protecting the work and privacy of all users. You must

log in only to your own account (except for extraordinary situations where staff receives a user's permission to access the account temporarily for troubleshooting purposes). Out of respect for personal privacy, Quinnipiac does not examine the contents of files in user accounts except in response to user requests for assistance, or in circumstances when system security, physical security/safety or troubleshooting procedures require it. Whenever the contents of a user's file must be examined, an effort first will be made to notify the user and invite him or her to be present. However, if the system is under immediate threat, appropriate actions may be taken without prior notice to the user.

A user is responsible for all use made of his/her account, and may not authorize anyone else to use his/her account (except as mentioned above).

The user must take all reasonable precautions, including password maintenance and file-protection measures to prevent its unauthorized use. While Quinnipiac University provides anti-virus software, it cannot protect against users downloading and installing malicious software.

All users are responsible for keeping their computers free of malicious software that presents a danger to themselves, other systems and network resources.

Installation of devices on Quinnipiac's network infrastructure that cause disruption to operations, either deliberate or accidental, is prohibited. Students need to check with the Help Desk before adding devices such as (but not limited to) wireless access points, switches, routers, DHCP servers, or radio devices operating in the ISM band (802.11 A,B, G and N).

Consequences

Abuse of computing privileges may be subject to disciplinary action, as established by the operating policies and procedures of Quinnipiac, and may result in the loss of computer privileges. Abuse of the network or of computers at other sites connected to the network will be treated as abuse of computing privileges at Quinnipiac. It should be understood that this policy does not preclude enforcement under the laws and regulations of the state of Connecticut and/or the United States of America.

Policy Statement on the Prevention of Alcohol Abuse and Other Drug Use

Quinnipiac University encourages mature reflection by its students when making personal choices. The institution is concerned about alcohol and drug use in our society and community. Students are expected to be aware of university policies and the availability of help for those who need assistance. The welfare of students in our community is paramount; therefore, the university expects students to assist fellow students when they are in need. Quinnipiac

University seeks to develop a community in which students take responsibility for complying with laws and university policies, understanding their accountability when their behavior impacts others. Students are expected to act in a manner that neither abuses nor endangers themselves or others and refrain from behavior that is disorderly or destructive in nature. Reckless behavior influenced by alcohol or drug-related intoxication may face severe sanctions through the student conduct process.

Driving While Intoxicated

The university does not tolerate students driving under the influence, on or off campus. Such behavior, regardless of age of the driver, places the student, passengers and community members in jeopardy of their lives, health and well-being. Students involved in an actual accident, a DUI conviction or any reasonably similar occurrence are disciplined appropriately.

Public Areas, University Events and Common Sources of Alcohol

The consumption of alcoholic beverages in common/public areas or at university-sponsored events (including events sponsored by student organizations), except where designated, is not permitted. Common sources and/or excessive quantities of alcohol and alcohol paraphernalia also are prohibited.

Disciplinary Sanctions

The university's response to students found in violation of the alcohol and drug policy is governed by various factors including severity of the infraction, actual or potential personal injury, damage to property, and previous disciplinary history. If a student is found responsible for the manufacturing, distribution, possession with intent to sell, or sale of illegal or harmful drugs, the student may be expelled from Quinnipiac and will be referred to the appropriate federal, state and local law enforcement agencies.

Bystander Reporting

Members of the university community who are aware of an incident involving alcohol abuse, unsafe situations involving alcohol and/or drugs, and students who are in need of medical assistance due to drugs and/or alcohol are encouraged to speak to a residence hall director, resident assistant, Public Safety or other university staff member to request assistance. Students may be reluctant to report incidents because of concerns that their own behavior may be a violation of university policies. *Although policy violations cannot be overlooked, the university will consider the positive impact of reporting an incident when determining the appropriate response for policy violations. In such cases, any possible negative consequences for the reporter of the incident will be evaluated against the possible negative consequences of not reporting the incident.*

Legal Sanctions

Quinnipiac is subject to state, local and federal laws concerning the use and possession of alcohol and drugs. Students must be aware of and abide by these laws or face legal action and prosecution.

Alcohol

Section 30-89(a) of Connecticut statutes states that it is unlawful for a minor (under the age of 21) to purchase, attempt to purchase, or make a false statement in connection with the attempted purchase of alcohol. Section 30-89(b) states that possession of alcohol by a minor anywhere is illegal, except where the minor is accompanied by a parent, guardian or spouse over the age of 21. The fine ranges from \$200–\$500.

Social Hosts

Public Act No. 06-112 (a) No person having possession of, or exercising dominion and control over any dwelling unit or private property shall (1) knowingly permit any minor to possess alcoholic liquor in violation of subsection (b) of section 30-89 of the general statutes, as amended by this act, in such dwelling unit or on such private property, or (2) knowing that any minor possesses alcoholic liquor in violation of subsection (b) of section 30–89 of the general statutes, as amended by this act, in such dwelling unit or on such private property, fail to make reasonable efforts to halt such possession. For the purposes of this subsection, “minor” means a person under 21 years of age.

Drugs

Connecticut statutes cover a wide range of drug offenses, including the offer, sale, possession with intent to sell, gift and mere possession of various types of drugs 21a CONN. GEN. STAT. Section 277, 278, 279 (1988). Among other provisions, the state laws create the following mandatory minimum prison sentences for first-time offenders who are not “drug-dependent” persons:

- Five years for the manufacture, sale or possession with intent to sell of one ounce or more of heroin, methadone or cocaine (including “crack”) or one-half gram or more of cocaine in freebase form, or five milligrams or more of LSD;
- Five years for the manufacture, sale or possession with intent to sell of any narcotic, hallucinogenic or amphetamine-type substance, or one kilogram or more of a cannabis-type substance, including marijuana;
- Five years for the offer or gift of any of the above drugs in the respective amounts. Conviction for the possession of drugs carries no mandatory minimum sentence but the following maximum sentences do exist for first-time offenders:
- Seven years or \$50,000, or both, for possession of any quantity of a narcotic, including cocaine and “crack,” morphine or heroin;

- Five years or \$2,000, or both, for the possession of any quantity of a hallucinogen (such as LSD or peyote) or four ounces or more of a cannabis-type substance (which includes marijuana);
- One year or \$1,000, or both, for possession of any quantity of controlled drugs, such as amphetamines or barbiturates.
- \$150 fine and a \$200-\$500 fine for subsequent offenses, for possession of a half-ounce or less of marijuana. Offenders under the age of 21 also will receive a driver's license suspension of 60 days.

Actual sentences depend on the severity and the circumstances of the offense and the character and background of the offender.

Federal law also penalizes the manufacture, distribution, possession with the intent to manufacture or distribute, and simple possession of drugs ("controlled substances") according to the Controlled Substances Act 21 U.S.C. Section 841, 843b, 844, 845, 846, (1988). The law sets the following sentences for first-time offenders:

- A minimum of 10 years and a maximum of life imprisonment or \$4,000,000, or both, for the knowing or intentional manufacture, sale or possession with intent to sell of large amounts of any narcotic, including heroin, morphine or cocaine (which includes "crack"), or of phencyclidine (PCP), LSD or marijuana (1,000 kilograms or more);
- A minimum of five years and a maximum of 40 years or \$2,000,000, or both, for similar actions involving smaller amounts of any narcotic, including heroin, morphine or cocaine (which includes "crack"), or phencyclidine (PCP), LSD or marijuana (100 kilograms or more);
- A maximum of five years or \$250,000, or both, for similar actions involving smaller amounts of marijuana (less than 50 kilograms), hashish, hashish oil, PCP or LSD, or any amounts of amphetamines, barbiturates and other controlled stimulants and depressives;
- Four years or \$30,000, or both, for using the mail, telephone, radio or any other public or private means of communication to commit acts that violate the laws against the manufacture, sale and possession of drugs;
- One year or \$1,000, or both, for possession of any controlled substance. The gift of a "small amount" of marijuana is subject to the penalties for simple possession. Penalties may be doubled, however, when a person at least 18 years old: (1) distributes a controlled substance to a person under 21 years of age, and (a term of imprisonment for this offense shall not be less than one year) or (2) distributes, possesses with intent to distribute, or manufactures a controlled substance in or on, or within one thousand feet of, the real property comprising a public or private elementary, vocational or secondary school, or a public or private college. Any attempt or conspiracy to commit one of the above federal offenses, even if unsuccessful, is punishable by the same sentence prescribed for that offense. A first-time offender may receive only probation and later have the charge dismissed. State and federal law thus makes crimes of many different activities involving drugs. Simple

possession, giving, or merely offering drugs is illegal, as are such offenses as the manufacture or sale of drugs.

Medical Marijuana

In accordance with federal law, the university does not permit the possession, use or distribution of marijuana. As such, student in possession of medical marijuana prescriptions (issued in Connecticut or any other state) are not permitted to use or possess marijuana on university property.

Risks/Health Risks

Substance abuse is an issue of continuing concern to our society and, therefore, to our colleges and universities. It has become a national health concern, and the dangers, health risks and overall abuse need to be further addressed.

Alcohol is the most widely abused drug on American college and university campuses. Among young adults, regular drinking is more common than regular use of other substances. The college and university campus culture reflects the American society, and it comes as no surprise that alcohol and other drugs are a fact of life among college students. Our society is harmed in many ways by alcohol abuse and drug use. Some of the negative effects include decreased productivity and job performance, serious health problems, breakdown of the family structure, academic performance, personal safety, relationships with others, financial problems, emotional and physical stress, rape, violence and crime.

Alcohol consumption causes a number of marked changes in behavior. Even low dosages of alcohol significantly impair the judgment and coordination required to drive a car. Some of the health risks associated with alcohol use/abuse are:

- slowing down of brain function, judgment, alertness, coordination and reflexes
- attitude and/or behavioral changes, such as hostility, mood swings, increased risk-taking, reckless driving
- memory blackouts
- physical problems such as cirrhosis of the liver, gastritis and anemia
- birth defects and mental retardation in user's children
- weight changes—drastic loss or gain
- alcoholism
- premature death through overdose
- complications with brain, liver, heart and many other body organs
- interference with psychological functions
- severe altering of a person's ability to learn and remember information. Repeated use of alcohol can lead to dependence, and at least 15–20 percent of heavy users eventually will become problem drinkers or alcoholics if they continue drinking.

The abuse of illicit drugs can result in a wide range of health problems. In general, illicit drug use can result in some of the

following health risks:

- drug addiction
- death by overdose
- physical problems such as heart, liver, chronic brain dysfunctions
- infections, HIV/AIDS, hepatitis
- malnutrition
- frightening hallucinations
- elevated blood pressure, coughing, dryness of the mouth and throat
- decrease in body temperature, sudden increase/decrease of appetite, swollen eyes or body areas
- intense anger, restlessness, paranoia, fear
- suicide
- drowsiness, clouding of mental processes, slowing of reflexes and physical activity
- nervous system disorders
- impairment of short-term memory, comprehension and ability to perform tasks

Statistics and Information

Because alcohol is the most commonly used drug on most college campuses, the following key facts are excerpted from the U.S. Department of Health and Human Services Office for Substance Abuse Prevention White Paper, Alcohol Practices, Policies, and Potentials of American Colleges and Universities, September 1991 Bulletin—Key Facts. It describes the extent of drinking on college campuses.

- Of the enrolled college student body in America (approximately 12 million), about the same number will eventually die from alcohol-related causes as will get advanced degrees, master's and doctorates combined.
- College students generally have higher drinking prevalence than their non-college drinking counterparts.
- 41 percent of our nation's college students engaged in a bout of heavy drinking (five or more drinks in a row) in the last two weeks.
- 4 percent of all college students will drink every single day next month.
- The typical college student consumes more than 34 gallons of alcoholic beverages per year, totaling for the 12 million students in the United States, a staggering 430 million gallons.
- The annual beer consumption of college students is just short of 4 billion cans.
- The typical student spends more money for alcoholic beverages than for textbooks.
- Students spend \$5.5 billion out-of-pocket money annually on alcohol. This exceeds the total annual operating costs of all college libraries, plus the total annual costs and fellowships.
- Two out of every three undergraduates admitted to driving while intoxicated.
- Among those currently enrolled in college, it is estimated that between 240,000 and 360,000 will die eventually of alcohol-related causes.

- "Binge drinking" often results in behavioral problems that can lead to violence, date/acquaintance rape, vandalism, theft and/or problems with police.

Bias, Harassment and Discrimination Policy

Quinnipiac University values diversity, multiculturalism and respect for others in an environment free from bias.

The university is committed to providing a safe and respectful educational and work environment that prohibits discrimination and harassment on the basis of race, religion, ethnicity, ability, national origin, age, gender identity, gender expression, sex, sexual orientation or veteran status. Such behaviors or attitudes undermine the environment of equity and mutual respect that is essential to fulfill the university's mission as articulated in the university's Strategic Plan for Inclusiveness, Multiculturalism and Globalism in Education (IMaGinE). Discriminatory or bias-related acts by students, faculty or staff will be addressed through the appropriate disciplinary processes. Any act of reprisal, interference, restraint, penalty discrimination, coercion or harassment against the university community for using these policies responsibly interferes with free expression and openness and violates this policy. Accordingly, members of the university community are prohibited from acts of reprisal against those who report incidents to the university, are involved as witnesses or otherwise try to responsibly use this policy. This policy

will help to create an atmosphere in which allegations of discrimination or harassment are dealt with in a timely, private, fair and effective manner.

Title IX Policy Against Gender-Based Discrimination and Sexual Misconduct

For the full policy, please visit www.qu.edu/titleix

Title IX of the Education Amendments of 1972 prohibits discrimination based on sex in educational programs and activities that receive federal financial assistance. Quinnipiac University is committed to complying with Title IX and providing an educational, working and living environment free from gender or sex discrimination and sexual misconduct.

Quinnipiac seeks to ensure that no student, faculty or staff member is excluded from participation in or denied the benefits of any university program or activity on the basis of sex. This includes all university activities, including, without limitation, academic, athletic, campus life and residential life programs. Specifically with respect to athletics, the university is committed to the equitable treatment of male and female student-athletes. This includes, but is not limited to, equitable allocation of athletic participation opportunities, scholarships and benefits. The associate vice president of operations serves as the university Title IX coordinator and manages the university's compliance with Title IX. When a student, faculty or staff member, or other participant in the university's programs and activities feels that she or he has been subjected to discrimination on the basis of sex, she or he may contact the Title IX coordinator or utilize the Title IX grievance procedures to bring concerns forward for the purpose of obtaining a prompt and equitable resolution.

Prohibitions against discrimination and harassment do not extend to statements and written materials that are germane to the classroom or academic course of study. The Title IX Policy Against Gender-Based Discrimination and Sexual Harassment is intended to define university standards and to outline the investigation and grievance processes when those standards are violated.

I. General Grievance Procedures

Any Quinnipiac student, faculty or staff member who believes that s/he has been subjected to discrimination prohibited by Title IX, or that the university has failed to meet its Title IX obligations regarding equity in athletics, may bring such concerns to the attention of the university's Title IX coordinator to obtain a prompt and equitable resolution.

The university Title IX coordinator is:
Terri Johnson
Associate Vice President of Operations
Arnold Bernhard Library
Room N116, AB-EVP

terri.johnson@qu.edu
203-582-8731

Students, faculty and staff may bring concerns to the university Title IX coordinator on an informal basis. Where appropriate, the Title IX coordinator will provide counseling and advice and may attempt to facilitate an informal resolution. The university Title IX coordinator also is available to receive and address such allegations through the formal grievance procedures described in the Title IX Policy. Complainants who are considering bringing a formal grievance may at any time meet with the university Title IX coordinator, who will discuss the matter and describe the formal grievance process. Where appropriate and with prior notice where applicable, these grievance procedures may be modified or amended by the university Title IX coordinator.

The university Title IX coordinator has the authority to investigate allegations of discrimination prohibited by Title IX even absent the filing of a formal grievance, or after its subsequent withdrawal. Additionally, the university Title IX coordinator may proceed with investigating a formal or informal grievance even if a complainant specifically requests that the matter not be pursued.

Deputy Title IX coordinators are designated and trained by the university Title IX coordinator to address Title IX concerns and investigations. Deputy Title IX coordinators include:

- Seann Kalagher, Associate Dean of Student Affairs
- Stephanie Mathews, Employee Relations and Labor Relations associate
- Tami Reilly, Associate Athletic Director of Fitness and Wellness

Privacy and Confidentiality

Reported issues will be investigated and may be resolved through the appropriate grievance procedures and conducted with due regard for the privacy of those involved. Only people who have a need to know about the issue will be informed, and materials and information prepared or acquired under Title IX procedures will be shared only as necessary with investigators, witnesses and other relevant parties. Disclosure of such information also may be made if the university Title IX coordinator determines that such disclosure is necessary to protect the health, safety or well-being of the community. While the university Title IX coordinator will take into account any requests made by a grievant for confidentiality or that a Title IX matter not be investigated, the university Title IX coordinator will take appropriate steps to respond to the matter consistent with requirements of Title IX.

Retaliation

Retaliation against any person in the university community for alleging a violation of Title IX or for cooperating in the grievance procedures set forth herein is strictly prohibited. Any concerns regarding retaliation should be addressed immediately with the university Title IX coordinator.

Sexual Misconduct and Harassment

Members of the university community, guests and visitors have a right to be free from sexual harassment, violence and gender-based harassment. When an allegation of misconduct is investigated, and a responding community member is found to have violated this policy, serious sanctions may be used in an effort to ensure that such actions are not repeated.

Any attempts to violate this policy are considered sufficient for having committed the violation itself. The use of alcohol or other drugs will not be accepted as a defense or mitigating factor to a violation of this policy. These policies apply regardless of the complainant's or respondent's sexual orientation, sex, gender identity, age, race, nationality, religion or ability. Harassment or discrimination based upon an individual's sexual orientation may be considered gender-based and is subject to this policy.

Definitions and Scope of Sexual Misconduct

Quinnipiac prohibits any form of sexual misconduct, including but not limited to acts of sexual harassment, non-consensual sexual contact or intercourse and other forms of sexual exploitation.

Sexual harassment is defined as unwelcome gender-based verbal or physical conduct that is:

- sufficiently severe, persistent or pervasive that it has the effect of unreasonably interfering with, limiting or depriving someone of the ability to participate in or benefit from the university's educational programs, activities and/or employment, and is
- based on power (*quid pro quo*), the creation of a hostile environment, or retaliation

Examples of sexual harassment include, but are not limited to:

- subtle or persistent pressure for sexual activity
- unnecessary touching, pinching or brushing against a person
- requesting or demanding sexual favors concerning employment, academic activities or other university activities
- unwelcome communications (verbal, written, electronic, etc.) of a sexual nature
- failure to accept the termination of a consensual relationship with repeated and persistent requests and behavior

Nonconsensual sexual contact includes any intentional touching, however slight, whether clothed or unclothed, with any object or body part by a person against another person that is without consent and/or by force.

Examples of nonconsensual sexual contact include, but are not limited to:

- intentional contact with the breasts, buttocks, groin or genitals
- intentional touching of another with breasts, buttocks, groin or genitals
- making another person touch someone or themselves in a

sexual manner

- any intentional bodily contact in a sexual manner

Nonconsensual sexual intercourse includes any sexual intercourse, however slight, with any object or body part by a person against another person without consent and/or by force.

Examples of nonconsensual sexual intercourse include, but are not limited to:

- vaginal penetration by a penis, object, tongue or finger
- anal penetration by a penis, object, tongue or finger
- oral copulation (mouth to genital contact or genital to mouth contact)

Sexual exploitation includes but is not limited to:

- invasion of sexual privacy and voyeurism (in-person or through audio or video recording)
- knowingly transmitting a sexually transmitted infection
- exposing of a person's body or genitals
- prostituting or soliciting another community member

Consent is an active, knowing and voluntary exchange of affirmative words and/or actions, which indicate a willingness to participate in a particular sexual activity. Consent must be freely and actively given. It is the responsibility of the initiator to obtain clear and affirmative responses at each stage of sexual involvement. The lack of a negative response is not consent. A person who is incapacitated by alcohol and/or drugs, whether voluntarily or involuntarily consumed, may not give consent. Neither consent to one form of sexual activity nor past relationships imply consent to future sexual activity.

Incapacitation is a state where someone cannot make rational, reasonable decisions due to a lack of capacity to give knowing consent (e.g., to understand the "who, what, when, where, why and how" of the sexual interaction).

- Sexual activity with someone who is, or based on circumstances should reasonably have known to be, mentally or physically incapacitated (i.e., by alcohol or other drug use, unconsciousness or blackout) constitutes a violation of this policy.
- A person whose incapacity results from mental disability, sleep, involuntary physical restraint, or from the consumption (voluntary or otherwise) of incapacitating drugs cannot give consent.
- In order to give consent, a person must be of the legal age of consent. Under most circumstances, the age of consent in the state of Connecticut is sixteen. See Connecticut General Statutes § 46b-120, § 46b-127, § 46b-133d, § 53a-70, § 53a-71, and § 54-76b.
- Alcohol-related incapacity results from a level of alcohol ingestion that is more severe than impairment, being under the influence, drunkenness or intoxication. Evidence of incapacity may be detected by physical cues, such as slurred speech, bloodshot eyes, the odor of alcohol on a person's breath or clothing, inability to maintain balance, vomiting, unusual or irrational behavior and unconsciousness. Context

is important in helping to determine incapacitation. Any of these particular cues alone do not necessarily indicate incapacity.

Force is the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation and coercion that overcomes resistance or produces consent.

Coercion is unreasonable pressure for sexual activity. Coercion is the use of emotional manipulation to persuade someone to do something they may not want to do, such as being sexual or performing certain sexual acts. Being coerced into having sex or performing sexual acts is not consenting sex and is considered sexual misconduct.

Intimate Partner Violence

Relationship violence is a pattern of behavior in an intimate relationship that is used to establish power and control over another person through fear and intimidation. A pattern of behavior is typically determined based on the repeated use of words and/or actions and inactions in order to demean, intimidate and/or control another person. This behavior can be verbal, emotional and/or physical. Examples include, but are not limited to: striking another person (slapping, punching, etc.), property damage, reckless behavior, name calling and insults, public humiliation, harassment directed toward friends and acquaintances, and verbal and/or physical threats.

Stalking

Stalking involves any behaviors or activities occurring on more than one occasion that collectively instill fear and/or threaten a person's safety, mental health and/or physical health. Such behaviors or activities may include, but are not limited to non-consensual communications (i.e., face-to-face, telephone, email, social media), threatening or obscene gestures, surveillance or showing up outside the targeted individual's classroom, residence or workplace.

Other Forms of Misconduct

Other forms of misconduct, when gender-based, will fall under this policy. These include, but are not limited to:

- conduct that interferes with the rights of others and/or demonstrates disregard for the university community
- assisting another person in committing a violation of this policy
 - personal harassment and/or verbal abuse
 - the threat of physical harm, physical abuse, or injury
 - actions that inflict physical harm, physical abuse, mental distress or injury
 - slanderous, false or malicious statement(s) about a person or defamation of character
 - endangerment of the health and safety of others
 - hazing
 - damage and/or vandalism to another's property

Jurisdiction

This policy shall apply to conduct that occurs on university-owned or leased property, at university-sponsored events, as well as off-campus. Each student shall be responsible for his or her conduct from the time of application for admission through the awarding of a degree, as well as during periods between terms of actual enrollment, study abroad and leaves of absence or suspension. The committee maintains the authority to adjudicate alleged violations of the Student Code of Conduct that are related to the same incident under review, though may not be directly related to gender-based conduct.

Reporting Procedures and Options

ALL reports of sexual harassment and discrimination, including sexual assault, made to any university employee must be reported to the university's Title IX coordinator or a deputy Title IX coordinator. The university Title IX coordinator is:

Also, any person who believes he or she has been subject to sexual harassment or discrimination may contact the university Title IX coordinator or a deputy Title IX coordinator directly. The Title IX coordinator ensures that complaints are handled by the appropriate deputy Title IX coordinator for investigation, possible interim measures, resolution, and ensures complainants have access to medical, mental health, law enforcement and other resources that may be required.

Handling of Complaints

Complaints against **faculty and staff** are handled by the deputy Title IX coordinator for faculty and staff. The deputy Title IX coordinator for faculty and staff is:

Student Affairs Center, SA-DNS

seann.kalagher@qu.edu

In situations where a complaint is filed against a community member who embodies more than one status at the university (i.e., community member is a student and an employee), the university Title IX coordinator has the authority to appoint investigators (possibly from different areas of the institution) and determine the grievance process for the reported incident (student, faculty or non-faculty employee). The selected grievance process shall have the authority to make final determinations affecting all individual statuses at the university.

Confidentiality and Privacy in Reporting

When reporting a violation of this policy, there are resources that can provide confidentiality, sharing options and advice without any obligation to inform other university staff members unless requested. Such on campus confidential resources include Counseling Services, Student Health Services and/or Religious Life staff. Additionally, community members can seek out assistance from an off-campus crisis center, which can maintain confidentiality. Faculty members are not confidential resources and must contact the university Title IX coordinator or a deputy coordinator.

Community members are encouraged to speak to university staff and administration (such as Title IX staff listed above, supervisors, advisers, Public Safety, Residential Life and

Student Affairs staff, academic administration, faculty, etc.) to make formal reports of incidents. Notice to a university employee constitutes official notice to the university and must be communicated to the Title IX coordinator or appropriate deputy coordinator.

Reported incidents will be investigated and may be resolved through the appropriate grievance procedures. Only people who have a need to know about the incident will be informed, and information will be shared only as necessary with investigators, witnesses and the accused person(s). Reports that are made anonymously or by third parties may not initiate grievance procedures; however, Title IX requires the university to investigate all incidents about which the university knows or has reason to know to protect the health and safety of the university community. The university will undertake an investigation even in cases where the alleged victim and/or complainant chooses not to cooperate or participate.

The university has a duty to report data about various forms of sexual misconduct in accordance with The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Act (Clery Act). No personally identifiable information is disclosed, but statistical information is disclosed as part of the university's annual security report. The information to be shared includes the date, location type (residence hall, public property, off-campus, etc.) and specific crime category.

Community members are encouraged to report, whether the incident occurred on or off campus, sexual assault and other incidents of harassment to local police. Quinnipiac Public Safety can assist community members who wish to make a report to police. Electing not to report an incident to the police will not impact the university's investigation or Title IX grievance process. If a complainant is a minor, according to Connecticut state law, the university will make a report to the appropriate law enforcement agency. To contact a local police department, contact Public Safety for assistance, or call:

- Hamden Police Department—203-230-4000
- North Haven Police Department—203-239-5321, ext. 224
- New Haven Police Department—203-781-8200
- Connecticut State Police, Troop I—800-956-8818 or 203-393-4200

If a community member decides not to file a complaint with the university, the university encourages the community member to seek out the available medical and mental health resources listed above. Community members who wish to make a complaint at a later date may contact any of the staff mentioned above at any time. Please note that a delay in reporting could affect the university's ability to gather information, which could be used to determine whether a person is responsible for sexual misconduct or gender-based discrimination.

Community members who are aware of an incident involving sexual misconduct, sexual harassment, intimate partner violence and/or stalking are encouraged to speak to the

university Title IX coordinator, a deputy coordinator, residence hall director, resident assistant, Public Safety, faculty or other university staff member and make a formal report.

Students may be reluctant to report incidents because of concerns that their own behavior may be a violation of university policies. Although policy violations cannot be overlooked, the university will consider the positive impact of reporting an incident when determining the appropriate response for policy violations. In such cases, any possible negative consequences for the reporter of the problem should be evaluated against the possible negative consequences of not reporting the incident.

Quinnipiac University Grievance Policy

(Revised March 2013)

The Quinnipiac University Grievance Policy is an umbrella policy to cover any type of grievance that is not considered under a separately defined policy. Redress for any grievances covered by the following policies must be pursued according to the procedures specified in those policies.

- Appeal of an academic suspension or academic dismissal from the university (University Catalog, Student Handbook)
- Appeal of an academic suspension or academic dismissal from an individual degree program (individual program requirements as stated in the University Catalog)
- Appeal of a final grade (University Catalog)
- Appeal of an academic integrity sanction (Student Handbook)
- FERPA complaints (Student Handbook)
- Appeal of a student conduct sanction (Student Handbook)
- Appeal of the decision to return after a mandatory medical leave of absence (Student Handbook)
- Grievance procedure for issues regarding disabilities (Student Handbook)
- Complaints of inappropriate noise (Student Handbook)
- Title IX Discrimination and Harassment – Grievance Procedures for Students (Student Handbook)
- Financial aid appeal (financial aid website)

When a student has a complaint not covered by one of the above policies and procedures, he or she is encouraged to discuss the matter first with the parties involved. If the matter cannot be resolved informally at this level, then the student may file a written, formal complaint according to the following procedures.

A student grievance originating in any of the school or administrative units is handled by the chair or director responsible for the unit in which the grievance originates. Therefore, the written formal complaint should be submitted to the responsible chair or director within five business days of the failed attempt at an informal resolution. The chair or director should make a decision regarding the grievance

within 10 business days of receiving the written complaint. A written appeal may be submitted within five business days either to the school dean exercising jurisdiction over that academic department or to the vice president/dean of students or designee for nonacademic matters. The dean will inform the student within 10 business days of his or her decision. The dean's decision is the final decision.

Good Neighbor Policy

Quinnipiac University students have lived off campus in the Hamden and New Haven area for many years, and the vast majority of students have developed positive and lasting relationships with area residents and the local community. Off-campus students must understand and appreciate that residents of a particular community have made a long-term commitment to their neighborhood; students are often temporary members of the local community who reside there for the duration of their academic studies. The quality of life and the overall character of a neighborhood can be greatly influenced by the lifestyles and sense of community exercised by student residents. A respectful and courteous attitude is usually returned in kind and makes the neighborhood a more pleasant place in which to live.

Living off campus can be an important experience that carries additional responsibilities. Students living in the community are, at all times, representatives of Quinnipiac University and the conduct of those students reflects directly on the university. Families living in the neighborhoods that make up Hamden and the surrounding communities have a right to enjoy a reasonable level of peace and quiet. As students, academic and personal schedules often conflict with the schedules of families and other residents. Students are expected to exercise good judgment and be sensitive to the needs of their neighbors.

Party hosts put themselves in serious jeopardy when their guests act irresponsibly. As a social host, off-campus residents assume all the risks associated with Connecticut state laws and municipal ordinances regulating the legal drinking age, noise and public safety when hosting a gathering. Connecticut state law and court decisions have held the social host liable for personal injury and property damage caused to a third party as a result of the irresponsible service of alcoholic beverages to guests, regardless of age. In addition, social hosts do not need to actually provide alcohol to their guests; they merely need to provide the venue for others to engage in irresponsible behavior. Those risks are compounded when minors are involved. The university views the hosts/residents of an off-campus property where an incident takes place to be responsible for that incident in its entirety, including the behavior of their guests, regardless of the hosts' original intentions for their event.

The university recognizes that some students wish to live off-campus, be responsible members of the local community, and experience independent living. However, when students

use this independence to engage in actions or behaviors that attract the attention and concern of neighbors or others within the community, the university will respond accordingly. Dangerous and/or risky behavior, public intoxication, disorderly conduct, loud music and/or other noise late into the night, and high levels of vehicle traffic in the neighborhood are examples of matters of concern. Living off-campus does not alleviate students' responsibilities as a member of the Quinnipiac University community to abide by the Student Code of Conduct. As stated in the Student Handbook, "Quinnipiac reserves the right to address, through the Student Code of Conduct process, incidents which occur off campus that may endanger the health, safety and welfare of others and/or adversely affect the university and/or the pursuit of its objectives." Students must take the responsibility of living off-campus seriously, and remember that the university's community standards apply wherever a student chooses to live.

Policy Statement on University Shuttles

Quinnipiac University provides complementary shuttle service to our students to a number of on- and off-campus locations. Students who engage in disruptive behavior, vandalize or jeopardize the health and safety of community members while on a Quinnipiac shuttle will have their shuttle privileges revoked and will be referred to the Student Conduct process. In order to acclimate to the Quinnipiac University community, first-year students are not permitted to ride the Downtown New Haven Shuttle for the first three weeks of the academic year.

- The university is not responsible for items lost, left behind or damaged on university shuttles.
- Shuttle schedules are publicized annually by the Department of Public Safety, and the university is not responsible for any student's transportation, including for a return trip, should a student miss the final posted shuttle of any particular day.
- The university reserves the right to add or cancel shuttle routes at any time for reasons such as, but not limited to usage patterns, student safety concerns, weather concerns and/or campus events.
- The university reserves the right to check the identification (QCard and/or government-issued identification) of any person boarding a university shuttle to determine eligibility for ridership, for student health and safety, and to collect information on ridership to determine shuttle system improvements.

Students who have questions or concerns about the university Shuttle system should contact the Department of Public Safety.

Policy Statement on Visitors and Guests

Residential students are welcome to invite guests and visitors into their rooms. To ensure the safety of community members and property, students must comply with the following policy pertaining to visitors and guests.

Definitions:

Visitor

A visitor is defined as any non-Quinnipiac person who chooses to visit a residential student.

Guest

A guest is defined as another Quinnipiac student or registered visitor who is present in, but not a resident of a particular living unit.

Visitor Registration, Limits and Requirements

Visitors must be registered through the Quinnipiac University website. Students may register one overnight visitor. First-year students may register visitors beginning the third week of classes. Seniors in Senior-Year Experience housing may register two visitors. Overnight visitors must be 17 years old, unless on visit sponsored by the university.

Non-Quinnipiac students who do not have the appropriate visitor pass are removed from the campus immediately.

Students who host unregistered visitors are in violation of this policy. Commuter students may not register visitors for residential housing.

Visitor Passes and Identification

Visitors must have their visitor pass and a photo identification on their person at all times. Also, visitors must be with their registered host at all times while on Quinnipiac University property.

Visitor Behavior

Students hosting visitors must accompany them and are responsible for their behavior at all times. Students are held accountable for any disturbance and/or damage their visitors may cause. Visitors who cause a disruption or are in any way not compliant with this policy may be permanently banned from university property and subject to arrest for trespassing should they return.

Occupancy Limits

The maximum number of people permitted to occupy any individual room, suite or apartment at any one time may not exceed twice the number of residents of that living unit at any one time, except where designated in certain Senior-Year Experience housing areas.

Overnight Visitors

Overnight visitors or guests must have the approval of all residents in a given living unit. All students and their guest/visitors must adhere to the Roommates Bill of Rights (see p. 36).

A guest or visitor may not spend more than three consecutive nights. Residential students are permitted seven visitation periods per semester. Visitors cannot be registered with consecutive different hosts as a means of cohabitating in the Residence Halls. Visitors found to be cohabitating in a residence hall will be removed immediately and may be permanently banned from university property.

Visitor Parking

Visitors must park in lots designated by the Department of Public Safety as open to visitors. Any visitor who fails to comply with Public Safety may have their vehicle towed.

Sanctions for Noncompliance

Students who violate this policy will be assessed a \$100 fine and additional Student Conduct sanctions as appropriate.

Self-Guiding Nature Trail in Sleeping Giant State Park

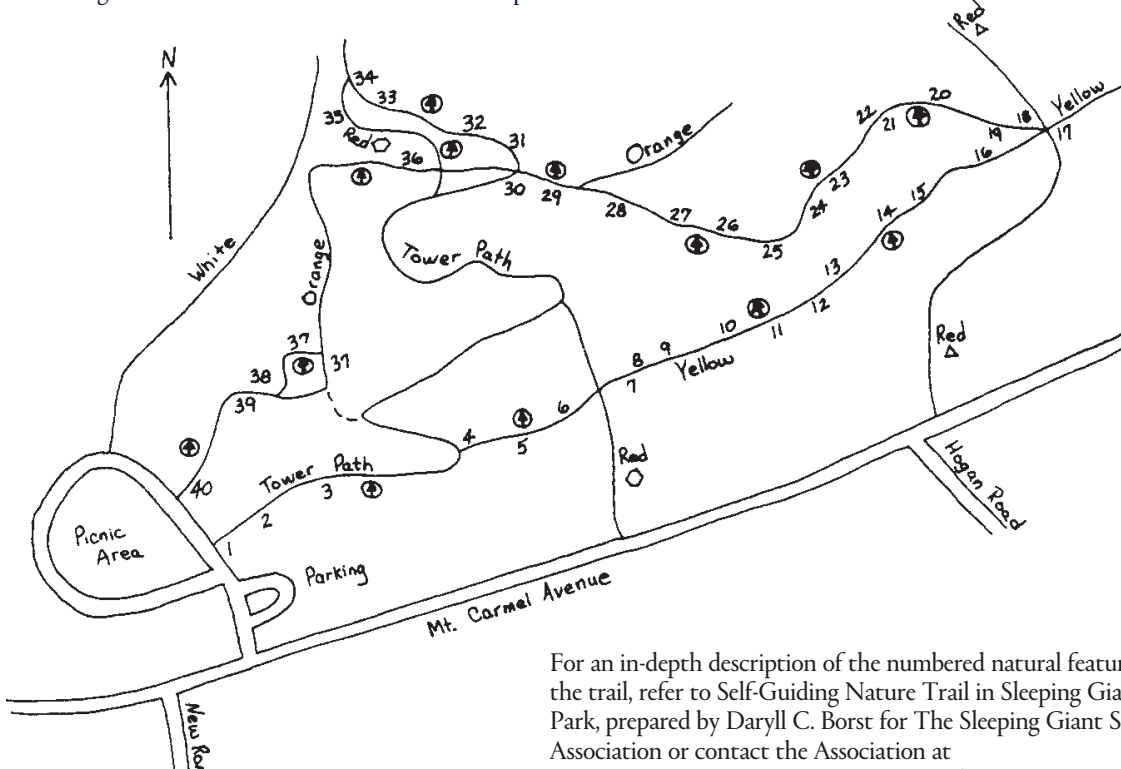

Sleeping Giant State Park is located on the opposite side of Mount Carmel Avenue from the Quinnipiac campus. Students are welcome to enjoy the park's 30-mile trail system and other natural resources. The park offers hiking, fishing, picnicking, a self-guiding nature trail and a public campground. Maps, literature and information are available at the park office.

The park ranger requests your cooperation in obeying park regulations, which have been posted for your safety, as well as that of the park. Students entering the park after sunset closing time, back-country camping, ground fires, and swimming in the Mill River have necessitated law enforcement action in the past and are not permitted.
